Communication skills in English have a very important role in everybody's life whether they are studying or working. As there are different ways to communicate with others, it is mandatory to understand and master all of them. And there is a great demand in every field for the individuals who can communicate well in English. Keeping the demand for people with good communication skills in view, the department of English conducts various activities to enhance the communication skills of the students. And a day is earmarked to showcase the talent and skills of the students by celebrating the "Communication Skills Day" in collaboration with TSKC in the institution every year, wherein the students participate in different activities like JAM, GD's, Role-Play, Skit, Mock Interview etc. Some of the students enthusiastically participate in all the activities and the remaining students curiously watch and observe them and learn the required skills.

Objectives of the programme:

- To instil all four skills i.e Listening, Speaking, Reading and Writing.
- To improve interpersonal skills.
- To develop a positive attitude.
- To build team spirit.
- To inculcate proper etiquette.
- To improve body language.
- To enhance their perception.
- To help them to do the SWOT analysis.

Context: As most of the students come from rural and remote areas and mother tongue as the medium of instruction, have a fear to respond in the classroom. Since a sound knowledge in English speaking has a great demand in every job market, it is required to be good at communicating in English. In addition to the regular syllabus, the students are provided with a specially designed module to enhance their communication skills and a separate schedule is allocated for the classes. During the sessions the students are made to participate in a variety of activities like card games, self introduction, group discussions, role-play, mock interview, JAM etc.

Practice: As all the activities are meticulously planned to cater the needs of slow, average and advanced learners and conducted in an interactive method, the students show interest and enthusiasm and actively participate in the tasks. The essence of the programme is, the teacher acts as a facilitator and the students take care of everything. By taking part in the activities the students not only learn to collaborate, and cooperate with others but also to appreciate others' skill and talent. In addition to this, participation in different activities not only enhances the communication skills of the students but also instills confidence. And the students who are shy and have phobia to share and their views and ideas get inspired and motivated by observing the passionate students and their exceptionally wonderful participation in the tasks.

Impact: After some years of continuous practice, it is observed that there are considerable and appreciable changes in the attitude of the students and there is a significant improvement in their communication skills.

Some key changes:

- Mastered all the four skills i.e. LSRW.
- Enhanced communication skills.
- Became team players.
- Developed proper etiquette.
- Developed good body language.
- Improved conversational skills
- Learnt time management.
- Improved creativity.

- Instilled leadership skills.

Mahindra Pride Class Room Training

For the Academic Year 2019-20

About the partner:

The Mahindra Pride School is a flagship Corporate Social Responsibility Livelihood program of the Mahindra Group (fully implemented by Naandi Foundation) is a flagship Corporate Social Responsibility Livelihood program that provides free of cost vocational skill building training to the underprivileged youth and makes them employable for the industry.

The Mahindra Pride team strongly believes that basic education is not enough when students step out into the world. It is imperative for young adults to be equipped with essential life skills and soft skills. While certain skills may be acquired through everyday experience in the home, school or college, they are not sufficient to adequately equip the youth in today's complex society. In the last 10 years, the 8 Mahindra Pride Schools across India have trained, transformed and placed over 23,000 young people so far, in good jobs.

Details of partnership:

TASK and Mahindra Pride Classrooms have launched to impart free ITES training to the youth. The duration of the course is for 45 days and will be conducted in a premise decided by TASK and out of which, last 7 days the students will be trained in Interview Skills and attend Mock Interviews in Mahindra Pride School Hyderabad. After that they will be sent for placements interviews for jobs only in Hyderabad.

In this regard, TASK will arrange for Hostel facility for these underprivileged rural candidates for the period of 15 days. Separate hostel facilities will be arranged for boys and girls for lodging, along with breakfast, lunch and dinner.

Beneficiaries:

Any individual in the age group of 18-35 years, who have completed graduation in the below:

- Bachelor of Commerce
- Bachelor Science
- Bachelor of Arts

Benefits for the beneficiaries:

Develop an identity and improve self-esteem

COVID -19 TEST

2020-2021

COVID-19 TEST REPORT

Coronavirus disease (COVID-19) is an infectious disease caused by a newly discovered coronavirus. Most people infected with the COVID-19 virus will experience mild to moderate respiratory illness and recover without requiring special treatment. Older people, and those with underlying medical problems like cardiovascular disease, diabetes, chronic respiratory disease, and cancer are more likely to develop serious illness.

The best way to prevent and slow down transmission is to be well informed about the COVID-19 virus, the disease it causes and how it spreads. Protect yourself and others from infection by washing your hands or using an alcohol based rub frequently and not touching your face.

The COVID-19 virus spreads primarily through droplets of saliva or discharge from the nose when an infected person coughs or sneezes, so it's important that you also practice respiratory etiquette (for example, by coughing into a flexed elbow).

COVID-19 TEST Programme conducted by the college during 2020-2021:

MENTAL HEALTH

2020-2021

Impact getting active has on mental health

Mental Health REPORT

Mental health includes our emotional, psychological, and social well-being. It affects how we think, feel, and act. It also helps determine how we handle stress, relate to others, and make choices. **Mental health** is important at every stage of life, from childhood and adolescence through adulthood.

AIM:

Identify people with Mental health whose care is (i) managed in primary care or (ii) managed in secondary care..

OBJECTIVES:

- To identify people with Mental health who could be potentially transferred from secondary to primary care management.
- To compare the demographic and clinical characteristics of these groups.

INITIATIVES:

- The committee plans and execute several initiatives for the benefits of the student.
- Importance in Impact of Mental Health.

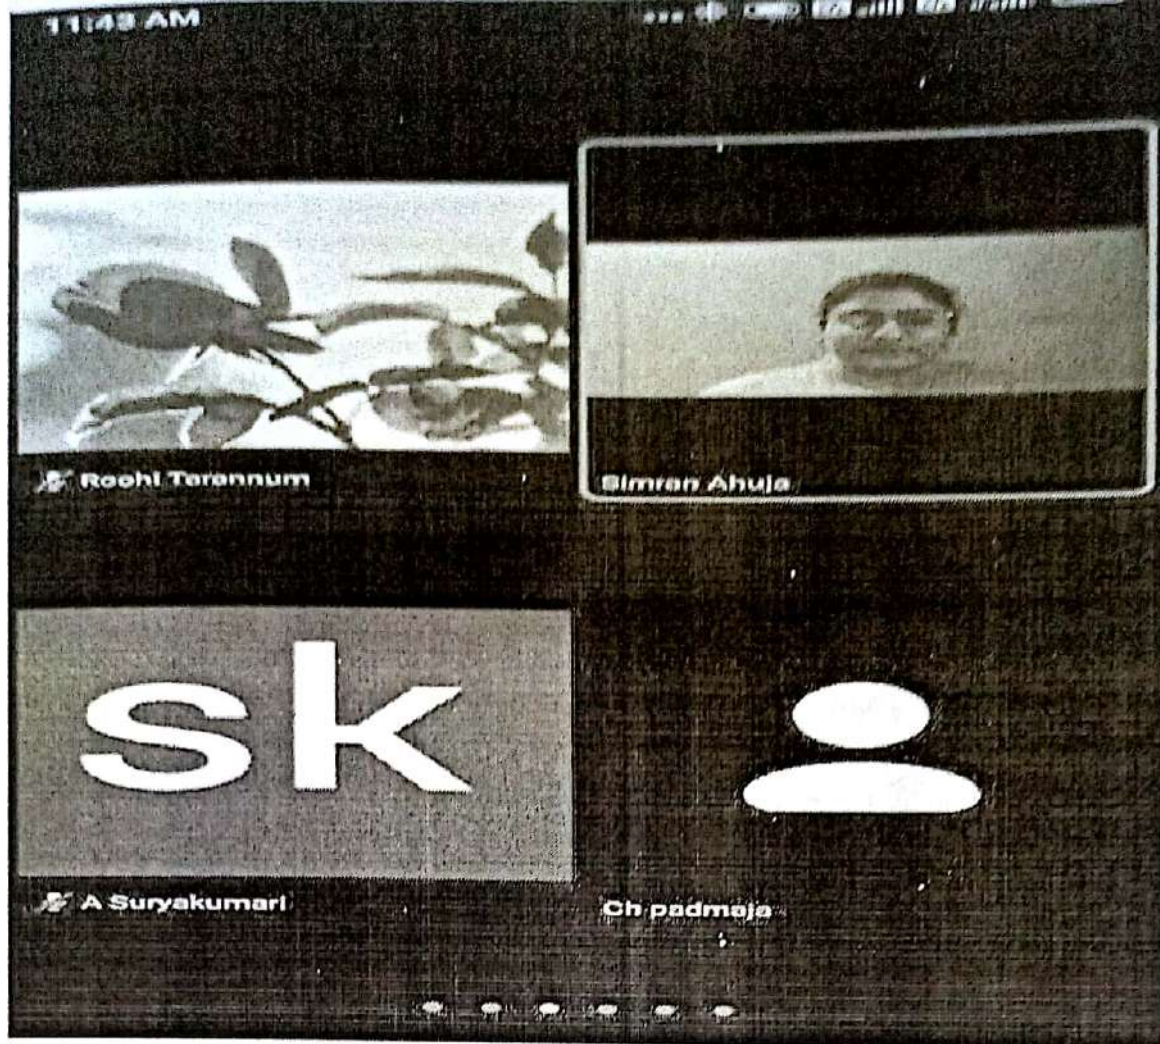

Mental Health Activity conducted by the college during 2020-2021:

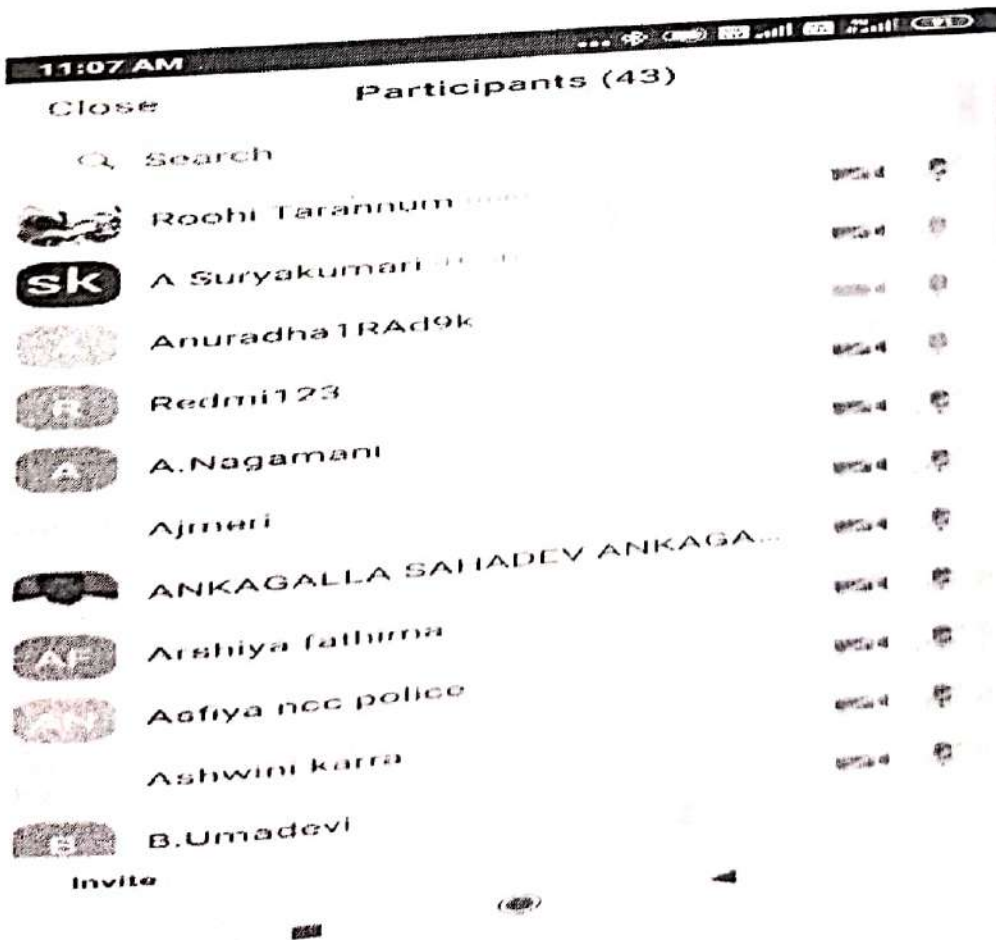

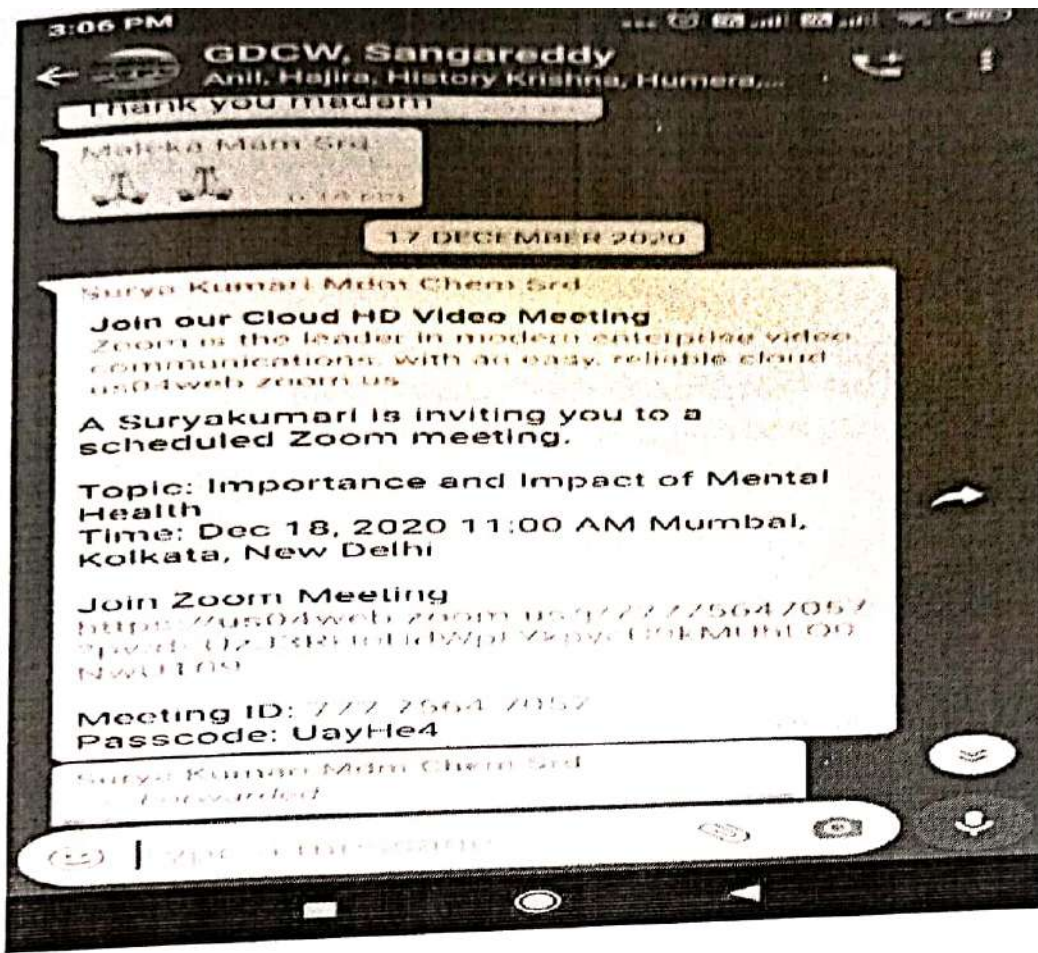

Conducted on : 18-12-2020

Resource person: Dr. Simran Ahuja

Brief Report:

Conducted Health awareness programme on Importance in Impact of Mental Health. Dr. Simran Ahuja has given related information through online which is attended by many students and whole staff and it became very much beneficial to all the students.

SIGNIFICANCE:

The main objective behind the celebration is to raise awareness among people about the importance in impact of Mental Health for the development of humanity. We can't ignore that several initiatives are taken to motivate, enthuse, and inculcate a positive attitude towards learning fit India exercise.

IMPACT:

Many of the student felt that these program are highly effective and beneficial to them. They were importance in impact of Mental Health and these programs also improving self confidence and building capacities.

FIT INDIA REPORT

Fit India Movement is a nation-wide movement in India to encourage people to remain healthy and fit by including physical activities and sports in their daily lives.^[1] It was launched by Prime Minister of India Narendra Modi at Indira Gandhi Stadium in New Delhi on 29 August 2019 (National Sports Day).

Fit India was founded in 1993 by Shri Suparno Satpathy and was incorporated as a company in 2000.

The campaign has a "Fitness Pledge" that reads, *I promise to myself that I will devote time for physical activity and sports every day and I will encourage my family members and neighbours to be physically fit and make India a fit nation.*

AIM:

encourage Indians to include **fitness** activities and sports in their daily lives to pave way for a healthy and **fit** lifestyle.

OBJECTIVES:

- There is zero investment in **Fit India** movement, returns unlimited".
- **Fit India Movement** should reach each and every corner of the country..

INITIATIVES:

- The committee plans and execute several initiatives for the benefits of the student.
- Importance of fit India in our daily life.

HEALTH IS WEALTH

Health is one of the blessings of God. If we are not healthy, we would not be able to work hard, study and learn. Therefore, it is rightly said that "Health is wealth". To keep ourselves healthy, we must follow certain rules. First of all, we must keep ourselves and our surrounding neat and clean.

A great many diseases are caused by germs. These germs are enemies of our health. Flies and dust carry these germs. So, we must remember not to eat food if flies have been sitting on it or if there is dust on it. Primary requisite of our body is balanced diet. People who eat a simple and balanced diet, lead a healthy life. Games and daily exercise are also important to keep ourselves fit. Open air activities like walking, jogging, playing games, swimming and riding provide active exercise. We must also take care of our eyes and teeth. We must not read in dim light. We must brush our teeth regularly. If we follow these rules, we will be able to keep ourselves healthy. The saying "The first wealth is Health" is quite true.

GOOD HEALTH IS THE MAIN SOURCE OF HAPPINESS
IN LIFE, IT HELPS IN MAINTAINING THE SMILE IN
YOUR FACE.
