## BEST PRACTICES

### *Title of the Practice 1.*

### *Implementation of ICT tools in Teaching - Learning process*

#### **Objectives of the practice:**

1. To analyze, formulate a better method of learning and establish a digital and ICT based teaching.
2. To use tools of information and communicative technology (ICT) for effective teaching and learning process.
3. To find the possible solutions to the issues and challenges faced in GDC Yellandu.

#### **The Context:**

Digitalization of education system is a major shift of teaching and learning resources of the 21st century. It has incredibly changed the nature of sharing, storage and dissemination of information. The need of technological innovation brought the communication revolution and rapid development of technological application in teaching and learning. The term ICT specifically refers to computer based technologies such as desktops, laptops, tablets, smart phones and software and internet based technologies including email, websites and social networking sites for the purpose of teaching and learning process.

#### **The Practice:**

Technology in the class room help educators get more students engaged, improve collaboration and most importantly make learning fun. The faculty is encouraged to undergo training programs on MOOCs, MOODLE and ICT tools in teaching and learning process sponsored by the CCE Telangana. 20% of total teaching staff utilized ICT tools in teaching process.

## BEST PRACTICES

### *Title of the Practice 2: Plantation program*

#### Objectives of the practice:

1. To sensitize, encourage and engage students, staff, all stake holders of the college and community about scientific tree plantation for increasing green coverage.
2. Plantation in campus will enrich beautification.
3. Presence of trees can improve students mental and physical health.
4. To improve the quality of life.
5. Trees contribute to their environment over long period of time by providing oxygen improve air quality.

#### Context:

Tree play significant role in maintaining equilibrium environment. Many ecological processes like rain fall pattern monsoon, cycle soil cover balancing the level of green house gasses and oxygen production are governed by trees. Trees have social, spiritual, commercial medicinal significance.

#### The Practice:

It is an endeavor to bring awareness about environmental conservation, one of the major thrust areas for higher education system. In the program of Harithaharam students, faculty and other stake holders of institution planted different plants including medicinal plants and we have given QR coding for some plants , with QR coding the students can know the scientific names of plants.
