## Collaboration Policy

### Introduction

A higher Education Institution needs support of other educational institutions/ laboratories and industries. Collaboration between industries/ corporate houses and educational institutions is a must for it to thrive and serve the society. To meet this end, our college has reached forty odd MoUs. In this regard, the following points in the policy are incorporated.

### Mission statement

- To provide the best services to students through collaborations.
- To empower students by addressing the skill gap, employability and entrepreneurship.
- To empower staff.

### Raison d'être

- ❖ To enrich academics of students. To raise the standards of teaching by enabling teachers through trainings.
- ❖ To empower students by providing skills through MoUs.
- ❖ By reaching MoUs and provide employable skills, entrepreneurship and work towards providing required skill set.

## Policy

❖ Since the hon'ble Commissioner of Collegiate Education is the chairperson of our Governing Body, all MoUs reached are applicable to us.

❖ Other MoUs were reached by our departments / NSS and various entities.

❖ We reached an MoU with IIT Hyderabad. Its scholars visit our college, take classes for our students, thus fulfilling the gap in our curriculum-peer learning.

❖ All departments are encouraged to reach MoUs and collaborations to bridge the perceivable in their academics, skilling initiatives and employability opportunities that are provided from their departments.

They are also encouraged to empower their teachers support staff through MoUs.
