Discipline Policy

Discipline is an important attribute of a successful person. It is the trait that takes one to pinnacle of success. Self-discipline, rather than imposed discipline is to be preferred. So, Tara Government college believes in inculcating self-discipline among students. Rather than lecturing about discipline, the college sensitises them through activities of NCC, NSS, and many committees. Our college has a Discipline committee. It looks after discipline of students.

Rationale behind the policy is to

Raison d'être

- ❖ To make students appreciate the attribute discipline.
- ❖ To sensitise students in developing self-discipline.
- ❖ To inculcate discipline among students.

Policy

- We prefer self- discipline policy to imposed discipline. So, any problem, if arises, will be solved together by following any due procedure in vogue.
- The college believes in the principle that health and hygiene are ingrained attributes for a student's discipline. So, every care will be initiated to make students learn this.
- The college is a plastic free campus (PFC).
- The college is recognised as RFC (Ragging Free Campus).

- The college does not allow any teaching staff to use mobile phones during the class hours.
- The college has a conduct committee. Students are informed about the conduct. Through various activities including induction training, students are informed of the ill effects of ragging, not following rules and regulations of the college. Training on soft skills is also imparted.
- Any deviation which contravenes the discipline policy by students invites disciplinary action.
- If there any changes in the discipline policy, that will be communicate to the students through notices.
