

# Tara Government College Sangareddy

(Autonomous)

An ISO 9001: 2015 certified college

## *Policy on the usage of ground*

Tara Government College Sangareddy (A) has been situated in the heart of the town. It is situated in the midst of 22 acres of its own land. Against this background, it was felt that a pragmatic policy should be prepared and implemented to look after the college ground and make it more environmentally viable and eco-friendly. This policy has been formulated by the IQAC of the college.

Rationale behind the policy making is to

## *Objectives*

- ❖ Create an ambience wherein all stakeholders could make use of the ground to the highest possible extent in a positive way.
- ❖ Make the ground an eco-friendly one.
- ❖ To prohibit unauthorised use of ground.

Below mentioned are the points that form part of the policy.

1. This policy honours the proceedings of the CCETS ... dated.... All measures will be gradually initiated to landscape the ground.
2. To make the campus a lush green one.
3. To grow vegetables by involving all stakeholders and to market them by involving the student volunteers of Entrepreneurship Development Cell (EDC)
4. To make the campus a carbon neutral one by raising as many plants as possible.
5. To grow rare plants and make the campus a live Botany Museum
6. To take care of the pond and create an excellent eco-system.
7. To take care of rain water recharge pits and increase the ground water table in the campus.

8. To make the college a green lung of the town by raising as much more high oxygen emitting plants as possible or by transplanting them.

Apart from meeting these objectives, the college also makes the following policy for other visitors

- ❖ All visitors are instructed to respect the biodiversity of the college.
- ❖ No visitor is allowed to pluck flowers of the plants.
- ❖ We expect absolute positive etiquette from visitors when they enter the Green Library. Since the green grass is sensitive, the visitors are requested NOT to walk on it.
- ❖ Walkers are requested to follow the timings (pre and post college timings).
- ❖ Practice of learning riding of bikes and cars is strictly prohibited.
- ❖ Philanthropists are welcome to plant saplings, adopt and grow them.
