About the Department

The Department of Economics was established in 1956 along with other U.G. Courses and it was later upgraded to P.G Course with M.A. Economics in 1982 .It has been committed towards promoting high quality Teaching & Research activities. The Faculty is highly qualified with research experience in order to provide excellent teaching in Economics at UG & PG levels, the Department of Economics undertaken 6 Minor Research Projects so far.

The Department has organized many symposiums, National seminars and workshops for the benefit of Staff and Students. It has visiting professors from Osmania University and Telangana University to give extension lectures. The department takes pride with more than 90% students passing out in U.G. Courses and 100% in P.G Courses.

The department is provided with a well furnished separate staff room, a departmental library with 250 books, the required material for teaching and well furnished three classrooms. The department is equipped with a computer system and a printer. Most of the students belong to rural areas and backward sections of the society. Syllabus frames its own syllabi in the Board of Studies (BOS) under the guidance of outside experts and gets the same ratified in the Academic Council as the institution is autonomous. The curriculum is designed based on the needs of contemporary society.

The department works not only for the academic progress of the students but also for their overall development. This is all because of the semester system and the hard work of the teachers The department also constantly monitors the progress of the students by getting feedback from them with regard to the curriculum teaching-learning-evaluation.

Objectives of the Certificate Course:

- Economic growth and development of any country depends upon the strong financial system. Individual’s financial well being results in the good financial system of any country. Financial literacy is the key component for the development of any individual’s financial stability. Government of India has taken several measures to develop the financial inclusion and financial literacy among the citizen of the country.

- To provide an insight towards concept of financial literacy and its importance.

- To summarize various initiatives taken by RBI and SEBI for the improvement of financial literacy.

Career Opportunities with the Certificate:

- Improvement in financial literacy will result in improvement in financial inclusion, which in turn results in financial stability of the country.

- This certificate course on financial literacy will make students to have in depth knowledge on financial products that can help to have effective and efficient financial planning.
- Analytical careers include employment in banking, insurance, investments, and personal financial planning. Sales careers include employment in insurance, securities, and mutual fund sales. Managerial careers include managerial employment in the financial services industry.
