Most of the students though are very good in their core subjects lack in soft skills particularly in Communication Skills. It is identified as a main hurdle for the students to get into a job. In order to empower them with the communication skills the TSKC of this college has resolved to initiate certain strategies. One of them has become so successful that students have improved their reading skills there by improved their vocabulary in English which have helped them improve their communication Skills.

NEWS PAPER READING: It is identified that students are very poor in vocabulary. Even they are not aware of simple day to day life words. Words can't be isolated from the context and be taught. Hence it is decided to motivate the students to read news paper and make it a habit so that they could improve their vocabulary and which would ultimately improve their communication Skills.

OBJECTIVES:

1. To inculcate the habit of reading English News Paper every day.
2. To improve Active and Passive Vocabulary.

- The TSKC of this college decided to subscribe 'The Hindu' exclusively for the JKC students and determined to make them read the news paper every day.
- Students were reluctant to read English News Paper as they were not comfortable with English. But they were motivated to read only headlines first and see if they could get understand. They were also instructed to come out with their imaginary stories after reading the headlines and see if their imagination is correct. Their imaginary stories were first shared with their peer group and then real story is explained by the GEM. Slowly they became curious of their power of imagination and started reading the full story if their imagination is right.
