1. EXECUTIVE SUMMARY

1.1 INTRODUCTION

Our institution Government Degree College; Dharpally is an affiliated college of Telangana University, Dichpally, Nizamabad. The college was established in the Year 2013 by the Government of Telangana with the motive of providing higher education to the students from the rural milieu. The motto of the college is '*Knowledge is the nectar of life*' which means *Vishwajeevanaamrutam... Jnaanam!*

The institution is specifically established keeping because of the backwardness of students existing in the very poor economic status of this area, besides, low literacy rate of women that has been affecting the overall development of the region. Hence, the fundamental duty of the institution is to teach and motivate the women students for higher studies and to strive towards achieving glory in all aspects of life through education.

The objective of our college is to cater to the needs of underprivileged and downtrodden students from villages in and around Dharpally. Our institution is a non-autonomous, government college fully funded by the Telangana state government. It is a co-educational institution. Since 2016 choice based credit system (CBCS) is followed. Our college has registered with AISHE (ALL INDIA SURVEY OF HIGHER EDUCATION) and DCF-II is uploaded to MHRD every year.

The institute was assessed and certified to be in accordance with the requirement of the quality standards ISO 9001-2015, by HYM International certification Pvt.Ltd

It is explicit that the college atmosphere makes students realize that there are no short cuts to become achievers in their personal and professional life. There has been a demand for a greater focus on career development. The college also discerns that the values should be instilled among young minds to enrich themselves to be prepared for a paradigm shift from:

- illiteracy to literacy,
- literacy to education,
- from being reactive to proactive.
- fostering global competence among students
- promoting the use of technologies.

Vision

Clarity of Learning

By 'learning' we mean academic as well as practical knowledge about life. To live a meaningful life, students

need both theoretical knowledge and practical experience. Our curriculum provides subject knowledge and practical knowledge. The institution has the vision to develop human resources of the highest order and also insist on the students' contribution to society.

Mission

Mission: providing higher education to children from rural, economically weaker sections and make them employable.

Our college has the mission to uplift the rural and economically weaker sections of society. As total strength of the college consists of 70% female students:

- Elevating them through higher education is elevating the part of the suppressed section and helps them enjoy social justice and empower them by providing employment opportunity.
- To encourage the spirit of self-reliance, accountability, autonomy and diligence in achieving global competency both in personal and professional life.
- To contribute to the all-round development of the students' personality to direct the activities of the college towards the empowerment of the deprived sections of the society.
- To impart education in the different disciplines of knowledge.

- To develop a sense of responsibility amongst the students as the citizens of the nation

- The mission of the college is to further help the students to acquire comprehensive competitive skills and talents and to develop ethical values and concern of the environment.

1.2 Strength, Weakness, Opportunity and Challenges(SWOC)

Institutional Strength

- College is located at Dharpally Mandal and has transport facility. Transparent Admission process
- Our college caters to the needs of underprivileged and economically weaker sections of society.
- Since college is funded by the Government, students get free education. An opportunity to uplift and bring the marginalized to the centre.
- As our college is a co-educational institution, there is gender balance. Uplifting rural students is a way of nation-building.
- Literacy of first-generation learners is a social transformation.
- Female students constitute 70% of the total strength. Providing scholarship to students
- Well-Stocked library
- Co-curricular and Extra-curricular activities Soft Skill Training.
- Conduction of sports meet and the cultural program provides an opportunity to tap the talents of the student.

- The institute is having MOU with spoken tutorial project, IIT Bombay and TASK
- Mentor - Mentee system to develop strong relation between student and teacher for achieving academic excellence.
- Faculty received State Best Teacher Award by the Govt. of Telangana.

Institutional Weakness

- Students are inhibited to communicate in English
- Failure to realize the value of free education on the part of the students. Dress code for students
- Absenteeism
- Since some of the students are working, they do not show much interest in education. Not realizing the importance of dress code
- No international exposure
- Insufficient funds for sports; lack of gymnasium
- Lack of exposure to industries for on-job-training, training, internships and placements of students
- Lack of in-campus hostel facility for Students

Institutional Opportunity

- An opportunity to serve and elevate downtrodden, needy people
- To impart not only knowledge but also core values to the marginalized section of the society Noble cause of preparing the weaker sections to face challenges at the global level
- To help them get employed since they are first-generation learners Arranging Skill Development Program
- Since education is free, more number of female students join our institution.
- As the college has a lot of open space where the college could construct separate hostel buildings for Men And Women.
- Organizing more activities for empowerment of girl students as their strength is about 70% of the total strength.
- Encouraging the faculty to pursue short-term courses from MOOCs,
- The institute is having MOUs with spoken Tutorial project, IIT Bombay and TASK organisation through CCE,Hyderabad.

Institutional Challenge

- Catering to the need of heterogeneous people with a diverse background. To make them communicate in English
- To inculcate values and a sense of confidence is a challenge
- To transform them as a cultured, independent, confident individual
- To inculcate courteous behaviour and mould them as a good human being is a challenge Organizing Seminar and conferences

- To make them attend soft-skill training program To make them participate in the campus interview To get them placed is a challenge.
- To counsel the parents to permit girl students to go for higher studies. To help them overcome their complex and inhibition.
- To mould them to be better citizens towards nation-building.
- To produce a cent per cent result is a challenge. To make them industry-ready.
- Obtaining sufficient funds for upgrading and expanding ICT facilities
- Taping the funds from local elite and philanthropists and Leaders.

1.3 CRITERIA WISE SUMMARY

Curricular Aspects

As our college is a non-autonomous institution, affiliated to the Telangana University, we follow the curriculum and syllabi framed by the Telangana University. Though our faculty members cannot directly involve in the curriculum development yet they can always represent their views to the chairperson concerned. Since 2016, Telangana University has adopted the Choice Based Credit System (CBCS) with dual semester mode.

- Part I Language (Telugu) and Part II Language (English) is compulsory for all the undergraduate courses.
- To crack the competitive examinations, students need to know about other subjects other than the one they have chosen.
- To sensitize students about our environment university has introduced Environmental Studies as a compulsory paper at the UG level. To inculcate values in the young mind university has included Value Education Paper in the curriculum for Under Graduate courses.
- Though there is no academic flexibility to introduce new papers, representation through Academic Council Member is possible.
- Telangana University revises its curriculum and syllabi every five years. Since subject experts and senior faculty members are the members of the Board of Studies, curriculum revision is done with due care and concern to meet the global standard
- The students are encouraged to take up project works in the fields of Commerce, English, Botany and Chemistry etc. The students of Chemistry, Botany, History and Zoology undertake industrial and field visits.
- Feedback is collected from students, Teachers and parents
- In accordance with the reservation policy of the Government.

Teaching-learning and Evaluation

- College level enrollment of the students is an online process through DOST(Degree Online Services of Telangana) and admission policy of the State Gpvernment and Telangana State Council for Higher Education (TSCHE) students are allotted on their priority and merit basis.
- Our students come from diverse backgrounds.
- Our faculty members are student-friendly. Much effort is taken by them to motivate the students. Their method of teaching depends upon the need of a particular class.
- Instead of monotonous lecture method, we follow Participatory learning.

- Computers and charts are used to make the class inspiring and interesting to the students.
- Roleplay, Seminar, teamwork and Group Discussion are encouraged.
- The infrastructural development and equipment ensure ICT enabled teaching in our campus.
- Remedial Coaching classes are conducted for students with poor learning abilities by all the departments.
- Advanced learners are motivated to participate in seminars, workshops, debate, elocution and quiz competitions.
- There are two differently-abled students on roll (2017-18, 2019-20)
- The College conducts continuous internal evaluation transparently and efficiently as per the Academic Calendar.
- Regarding examination, we adhere to the rules and guidelines prescribed by Telangana University. The evaluation follows internal (20%) and external (80%) pattern. Internal Assessment consists of Periodic Test (15), and Assignment (5)). For 80 marks students will be writing University examination. Minimum 40 % marks are compulsory both in internal and external to clear a paper.

Research, Innovations and Extension

- Primarily the institution is with UG curriculum. Though the institution has no research centre as such research activities have been taken up by encouraging the staff to do major/minor research projects.
- Extension activity brings students close to society. In our college, till today there is no NSS Unit but we applied and waiting for authorised order from University.
- we are conducting AIDS awareness program,
- Haritha Haram,
- YOGA Day,
- Field trips to the students.
- Celebrating national and international importance days
- Medial Camp, and
- Swachh Bharat programs etc.

Infrastructure and Learning Resources

- The college has an area of 7.00 acres with infrastructural facilities. We have 5 spacious, well- furnished classrooms. We have 6 laboratories for science students.
- We have a spacious library with a reading room for students. Whenever the government allot the budget we will arrange the books for the students. As of now, we have 1118 books in the library.
- We have Ramps provided for the convenience of the physically challenged students.
- We have 10 computers in the computer lab.
- CCTV Camera is fixed at important points on the campus.

Student Support and Progression

The College aims at providing necessary assistance to students to meet their academic requirement. The fee structure is as per the norms of the affiliated University. For the smooth progression of the students, the government is providing scholarships to eligible students.

- Our students are first-generation learners. They have come from rural areas. Naturally, they feel shy and inhibited. It is the responsibility of the institution to inculcate confidence and a sense of hope in them.
- We aim to send our students as a transformed, independent individual with self- confidence to face the new challenges in the world.
- Students gradually give up their shyness and inhibition by actively participated in any one of the extension activities like Haritha Haram, Swatch Bharath, AIDS awareness rally YOGA day, Yuvatharangam (Sports & Games) and Jignasa(Student study project) etc.
- The OBC Cell, Minority Cell and SC/ST Cell give counselling and moral support to the respective students. Career and Counselling Cell conducts awareness program exclusively for them.
- Remedial classes are conducted for slow learners.
- Our college follows a Mentor-Mentee system. Each Mentor is allotted to each class. It will useful to students to express their problems. It will certainly boost the morale of the students. To keep the students free from stress.
- Most of the students are from rural background. Students have a struggle with their English communication Skill. To improve communication skills among the students we are providing soft skills pieces of training through TSKC. And also It creates an interface between students and corporate people so that students get guidance regarding resume writing, attitude and aptitude test and mock interview. Placement cell creates opportunity recruitment of the students.
- The college alumni are involved to increase admissions. Students counselling is done regularly.

Governance, Leadership and Management

- The Principal is the head of the institution and supervises Academic and non-academic matter. Government and Commissioner of Collegiate Education are the statutory bodies who govern the college.
- The College staff Council consists of Heads of all the Department having Principal as the Chairperson. It plays a vital role in decision making. Principal along with Councilmembers plans for action and decide things.
- The head of the department takes care of the day-to-day activities of the department. At the beginning of the academic year budgeting and distribution of funds are done according to the need and representation made by the Staff Council members.
- There are various committees like the Admission Committee, Library Committee, Sports Committee etc. The members of these committees support the Principal for the smooth functioning of the college. The internal and external audit is carried out.
- The college has conducted academic and administrative audit every year.
- The college impliments e-governance through (AIMS)(College Administration Information and Management System) for students information and issue of certificates. Academic Audit information and maintenance and updating accounts.
- The college as an effective Internal Quality Assurance Cell (IQAC) which facilitates quality teaching-learning environment in the institution.

Institutional Values and Best Practices

Education without values will lead the students nowhere. Our college has the aim of shaping the students and moulding their character and transforms them as good human beings. We have an Internal Compliance Committee.

- All Faculty members of the committee and given a schedule to go round the college to mend the students. This considerably reduced students' unnecessary loitering and getting involved in disciplinary problems.
- To keep our campus green and eco-friendly, saplings are planted regularly and maintained by students.
- The college has started the use of LED bulbs to save power.
- An effort is taken to keep our college plastic-free campus. In our Curriculum "Environmental Science" is a compulsory paper for Undergraduate students.
- With the aim of a paperless society, most of our office communication with Commissioners office and University is done through e-Office.
- Our college office practices e-Office system and online scholarship process for students.
- The college has best practices like Internship which facilitates a close interaction and personal attention to students by the mentor concerned for improving academic values.
- Women Empowerment for all round development of girls students and to enrich their lifestyles with self confidence

Evaluation Process: Students are made aware of the evaluation process through the following initiatives:-

- Academic Calendar for the academic year is notified by the Registrar of the University.
- The orientation course is taught in first semester of the programme. In this course, all the relevant rules and regulations applicable to their programme, given in the Academic Regulations, are discussed.
- 20-25 students were allotted to each faculty who acts as 'Advisor' to the student in all academic matters and also nominates a teacher of the college to act as 'Tutor' of an undergraduate class who would coordinate with all the Advisors of that class for proper supervision and registration of students of that class.

The advisors interacts with their advices every week in a semester while a tutor interacts with all the students of a class every month along with all the advisors of the class.

Evaluation of course work: Evaluation of a student's achievement in a course is based on the performance in various kinds of tests, practical and tutorials/assignments.

These are:

1.Internal Examinations: 2 internal exams will be conducted for each semester

2. Assignments: It consists of seminar, home assignments, and discussions.

3. Practical: All practical examinations shall normally be completed before the commencement of the end of term examination.

4. End of term Examination: At the end of semester there shall be one examination in each course which is of three hours and cover entire syllabus of course.

1.3 Curriculum Enrichment**1.3.1 Institution integrates crosscutting issues relevant to Professional Ethics ,Gender, Human Values ,Environment and Sustainability into the Curriculum****Response:**

Gender equality is regarded to be one of the core factors of any democratic society and the facilitator of economic growth and societal well-being. Education is a powerful tool for changing the societal attitudes and empowering the next generation. Therefore, it is important to mainstream gender equality in the curricula, College culture, teaching materials and methods to prevent the reproduction of gender stereotypes that influence the well-being and choices of pupils. Successful mainstreaming of gender equality, therefore, cannot be achieved without giving (future) teachers the necessary knowledge, tools and teaching methods to understand and tackle gender stereotypes and mainstream gender equality.

To promote gender equity initiatives undertaken by our Institution

- Aim to use gender-neutral language (e.g. it, their, they).
- Avoid statements that generalize, 'girls tend to...' or 'boys are more...'
- Actively encourage students to engage in activities that might sit outside their gender's comfort-zones (e.g. sports, dance, drama etc.)
- Take note of how often you draw on either males or females to answer different types of questions

- and make an effort to rectify any inequity
- Give all students equal attention in advising and mentoring.
- Violence against women is a gender-based, violence is committed against women expressly
- because they are women, to stop gender violence by educating and working with young boys and
- girls promoting respectful relationships and gender equality.
- At the curriculum level, the college attempts to sensitize the students to the issues like gender discrimination, gender sensitization, social issues, human values and professional ethics, pollution, global warming, globalization, water conservation etc.
- The University has prescribed Environmental Studies and Gender Sensitization to be taught as compulsory subjects for First and Second Year students.
- The syllabi of language subjects include literary units dealing with these issues.
- The syllabus of Political science, History and Economics acquaints the students with Human rights, duties and responsibilities.
- The syllabi of Botany, Zoology and Chemistry deals with the issues of environment like

pollution, conservation, eco-friendly methods.

- Apart from the curriculum, the college attempts to address the cross-cutting issues through the following mediums:
- Gender Sensitization activities like Celebration of International Women's Day, Women Equality Day are taken up by the Women Empowerment Cell of the college.
- Exam conducted on Legal Rights on Women by Women Empowerment cell.
- Activities like making of eco-friendly Ganesh Idols, Green and Plastic-free campus campaign, Swatch Bharat Abhiyan by the students.
- The college has developed a Code of Conduct for the Principal, Faculty, Nonteaching staff and the Students. All these components follow the code of conduct in discharge and conduct of their duties geared towards academic excellence.
- Thus, the cross-cutting issues are integrated and addressed at the Curriculum and College levels.

2.2 Catering to Student Diversity

2.2.1 The institution assesses the learning levels of the students and organises special Programmes for advanced learners and slow learners

Response:

The learning levels of the admitted students are initially identified and assessed through their performance in the qualifying examinations. The students admitted to the UG first-year programs of the institution are allowed to elect the subjects of the programme based on their marks in the qualifying examinations and their interest. Their attendance and participation in the classroom teaching, laboratory, involvement in the co-curricular, extracurricular activities and marks obtained in the formative and summative evaluation help to determine slow learners and advanced learners.

For slow learners:

- At the commencement of the new academic year, students are engaged for revision of previous year's topics. The interaction with students in the form of question-answer helps to understand the slow and advanced learners.
- Most of the faculty engage extra- periods so that topics can be taught at a slower pace helping slow learners understand the topics taught.
- Advanced learners are encouraged to give peer support to slow learners.
- Remedial classes are conducted for poor learning students.
- Mentor- mentee activity is implemented by the college giving more consideration to slow learners.
- The faculty use simple language and vocabulary to enable slow learners to comprehend the subject.

Advanced learners:

- The advanced learners are asked to solve model/ sample question papers and after their responses, they are guided to perform better in future.
- The advanced learners are deputed to attend workshops, seminars, conferences in their subjects to provide them with exposure to their subjects and students fraternity.
- The advanced learners are motivated to participate in group discussions, seminars, presentations, debate, elocution and university/ state-level competitions.
- Reference books and articles in newspapers are provided by the faculty and the departmental library. Special coaching is conducted for competitive examinations like PG Entrance Exams.

Response: 21:1

2.3 Teaching- Learning Process

2.3.1 Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Response:

Student-centred learning helps the students to develop their abilities and independence. By shifting the responsibility of learning on to the students they acquire practices and life skills that enable lifelong learning and independent problem-solving abilities. Priority is given to holistic development of the students through curricular and extracurricular activities. Students are given representation in various committees to develop their interests. All the faculty members prepare their teaching plan which includes the methods used for teaching prescribed units. The lecture method is more effective where the student strength is more, all faculty are more focussed on the conceptual clarity of their subject.

Our students organize activities like Tree Plantation, AIDS Awareness Rally, programmes related to Gender Equality and Women empowerment provide societal exposure to students. The faculty promotes the maximum utilization of laboratories to enhance the experiential learning of students. Some faculty organize Mock interviews and group discussions.

Problem-solving methods:

Problem-solving methods adopted in departments of Mathematics, Physics, Chemistry, Commerce, Economics etc. enhance creativity, decision-making ability, critical thinking and reasoning power.

2.3.2 Teachers use ICT enabled tools for effective teaching-learning process.

Response:

Government Degree College, Dharpally encourages intensive use of ICT evolved tools including online resources for effective teaching and learning process not only in this pandemic situation from the beginning we started the journey with limited resources, computers, connected stems, multimedia projector etc. To make the teaching and learning more innovative and interactive the college has been equipped with the modern gadgets like LCD projectors and other ICT tools.

Special/Guest lecturers are also arranged by inviting the experts from various colleges.

2.5 Evaluation Process and Reforms**2.5.1 Mechanism of internal assessment is transparent and robust in terms of frequency and mode****Response:**

- The college follows the norms and guidelines of the University in conducting internal and external examinations.
- The tentative Time Table of Internal Examinations is mentioned in the Academic Calendar and is displayed on the Notice Board.
- Teachers inform the students about the pattern of the internal examinations well in advance.
- The schedule of these internal examinations varies from department to department and is spread out across the semester.
- Formative evaluation is done continuously throughout the period until the student appears for the summative examination.
- As per university norms, during a semester two tests are conducted for Internal examination.
- The faculty are free to set a variety of questions like MCQ, fill in the blanks, True or False questions for Internal examinations.
- The methods of internal examination and evaluation are Multiple choice question tests, Unit test, Home Assignments, Seminars, Surprise test, Project report, Oral tests etc.
- The Faculty guide the students about the techniques of attempting answers in the answer books.
- The college maintains transparency in internal assessment.
- The assessed answers books and marks of Internal Examination and the formative tests are displayed on the notice board or conveyed to students in the classrooms.

- The faculty discuss the answers written down by the students in the tests and make necessary suggestions for further improvements.
- The learning of students is monitored and assessed internally through Project works, Field visits, reports of Study tours and Viva-voce.
- This provides transparency, reliability and accountability to the evaluation process.
- The students come to know the performance, and the way papers are assessed, and marks are given in the evaluation.
- They get their doubts clarified. Besides, the idea of how to write an ideal answer is made clear to the students by the concerned teachers.
- The record of students' attendance at the theory and practice is maintained by the faculty.
- Assigning project work to the students is one of the important aspects of collaborative and participative learning.
- Excursion tours encourage and motivate the students for studying various aspects of the subject and applicability of it.
- The signatures of students present for Internal test is taken and the record is submitted to the Examination Branch.
- Project report writing is assigned to promote collaborative and participatory learning.
- The marks of various internal tests are displayed on the Notice Board.
- Underperforming students are guided for improvement through Remedial teaching.
- Compulsory Internal examination per semester based on theory and practical syllabus is conducted.

2.5.2 Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

Response:

The student is the main stakeholder of the educational system and therefore, the college makes sincere efforts to ensure transparency in redressing examination related grievances on a priority basis. The examination related grievances are redressed at the following two levels.

University level:

The University frames time-bound, transparent and efficient policies regarding examination related grievances through Board of Examinations (BOE).

The University puts up the rules and regulations regarding Examination grievances on its website.

The website displays the schedule of applying for verification of marks, rechecking of answer books and demand for the photocopy of answer books.

Recently our University has adopted digitalization in resolving the Examination related Grievances.

Students can contact the University authority online and get their grievances resolved in the shortest possible time.

The photocopies of answer books are provided to the students as soon as the applications are received online.

Students can contact the University Examination Authority (COE) online for resolving their queries.

All the grievances/ complaints received are entertained and redressed without exception.

In case of vague questions or questions set out of the syllabus, the matter is forwarded to the University for Appropriate Action.

All the question papers of University examinations are set by the panels of question paper setters.

This helps to maintain accuracy and confidentiality.

College level:

The policy of examination is well explained in the college prospectus.

Every Faculty member orients the students regarding examination pattern and the policies of the college to redress examination related grievances.

The college constitutes the examination committee. The Examination Committee with the Convener and the members are uploaded on the college website.

The Faculty also solve the question paper and discuss the expected model answers in the classrooms.

Students are free to approach the Examination Committee members or heads of departments to get their doubts clarified and complaints redressed.

Thus, the mechanism at the University and College level contributes to maintaining transparency, efficiency within the time limit.

2.6 Student Performance and Learning Outcomes

2.6.1 Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

Response:

Program outcomes, program-specific outcomes and Course outcomes for all programs offered by the college are stated and displayed on the college website. The college has a comprehensive website which is updated regularly. The department page provided an introduction to the courses, subject papers, faculty and facilities available in the department. The page has a complete and comprehensive list of Program objectives, Program Specific Objectives and Course outcomes.

- The Principal verifies the requirements and grants permission for purchase or maintenance.
- The budget is allocated for purchase, maintenance and up-gradation of the facilities.
- The decisions regarding purchase are taken by the Principal in the meeting of a separate purchase committee constituted.

- If the amount of purchase is more than Ten thousand, quotations are invited, a comparative chart of rates is prepared and order is placed to the lowest rate quotation supplied by the dealer/ supplier.
- The purchase requirements/ maintenance requirement of larger expenses are sent to the CCE approval and funding.
- The stock is verified every year through the stock register maintained by the departments.
- Library maintenance is done by the In-charge Faculty.
- The Library committee helps in decision making regarding the purchase of books, magazines, newspapers and maintenance thereof.
- The regular cleaning of the campus and sweeping of classrooms and laboratories are done by the support staff of the college
- The sports committee look after the maintenance of the playground and sports.

Facilities/ equipment.

- The equipment in the laboratories is oiled for smooth operation.
- Some equipment in the laboratories as per the need.
- The plumbing and repairing of pipes of the water tank and water supply facility are maintained by the support staff and plumbers from outside
- The repair/ replacement of electrical devices like cables, wires, panel boards, fuses and lights/ tubes is done by hiring electricians as and when required.
- The painting and beautification of the campus are done periodically through hired external agencies.

All the physical, academic and support facilities are optimally utilized according to the Time-Table of the college and requirements of the Government and NGOs.

6.4.3 Institutional strategies for mobilisation of funds and the optimal utilisation of resources

Response:

Our College has established the mechanism to monitor the effective and efficient use of financial resources. The College works within the framework of rules and regulations formulated by the CCE. The College has well-defined procedures as per protocols for allocation of funds to various segments of the College. Day to day financial transactions is maintained by the College Accountant. The accounts are internally audited regularly.

6.5 Internal Quality Assurance System

6.5.1 Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

Response:

The IQAC is actively functional in the planning and initiation of the several strategies in the college. The IQAC has contributed significantly to institutionalizing the quality assurance strategies and processes in the College. The IQAC is also the nodal agency for coordinating and implementing the best practices of the institution. The examples of best practices institutionalized are as follows:

The IQAC has taken the necessary steps to promote Faculty and students Participation.

- Motivate the faculty to conduct seminars, workshops and research activities.
- Motivation to the students for participation in Jignasa Study Projects & Yuvatarangam, students seminars and workshops organised by the faculty.

Extended use of ICT in the teaching-learning process

- IQAC emphasized the use of ICT in teaching and learning. It recommended the college to purchase the ICT tools, including the latest configuration for PCs, and laptops and LED TVs, projectors. Internet connection was upgraded periodically. It encouraged faculties to create Whatsup App group, for communication with the students and sharing the knowledge. Teachers were asked to develop their e-contents such as PPTs, video clips etc.

6.5.2 The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities (For first cycle - Incremental improvements made for the preceding five years with regard to quality For second and subsequent cycles - Incremental improvements made for the preceding five years with regard to quality and post accreditation quality initiatives)

Response:

The college reviews its teaching-learning process, structures and methodologies of operations and learning outcomes at periodic intervals through IQAC. The review of the teaching-learning process, structures and methodologies of operations are best illustrated through the following two examples:

(1) Review of Teaching –Learning through Periodic meetings:

The Heads of departments, committee conveners and Vice-Principal participate as representatives of IQAC in periodic meetings of departments, Internal Examination Committee and their respective committees. The issues related to the teaching-learning process are discussed in staff meeting throughout the academic year. The IQAC initiates staff meetings. The Principal arranges the meeting of teaching and non-teaching staff. The IQAC prepares Academic Calendar. The students' feedback on curriculum, teaching methods and ICT use are also taken. The faculty also has informal discussions with students regarding teaching-learning methodologies and changes in them.

(2) Implementation of Teaching-Learning Reforms facilitated by the IQAC:

The IQAC makes several recommendations in its Annual Plan of Action aiming at bringing about an overall

improvement in the functioning of the college. They include reforms in teaching-learning and evaluation. Along with regular 'Chalk and Talk' method, most of the departments conduct student seminars, group discussions and PPT presentations as an integral part of teaching and learning. The IQAC constantly encourages the faculty to use ICT tools and videos.

The IQAC has advised the administration to enhance and enrich ICT infrastructure by procuring advanced/latest ICT tools, Wi-fi facility and Broadband Internet connectivity. LCD projector has been provided. The faculty use social media like WhatsApp, Youtube, Facebook and SMS/e-mails for establishing communication with students. The IQAC has also recommended to the administration to purchase the latest books, journals and build ICT based seminar halls.

The learning outcomes are reviewed by the IQAC. The departments prepare results of Internal Tests and University Examinations. The performance of the students in the examination reflects the learning outcomes.

Adequate toilet facility separately for girls, boys and faculty are provided.

Office automation is done partially which includes payment of staff salaries through E-KUBER, issue of academic certificates through CAIMS application developed by the Government of Telangana.

Official communication of the college is done through e-office.

CCTVs have been installed for safety and security of faculty, non-teaching staff, boys and girls students and infrastructural facilities on the premises

The website of the college has been developed and is updated from time to time.

CBSC syllabus has been introduced.

Two MOUs have been established for on-job-training and Placement.

The Academic Audit of college has been conducted by the CCE through CAIMS

The department of sports has performed very well in organizing sports events and training the students for participation in University and state-level sports competitions.

The college has very strictly followed the norms and rules of UGC, State Government and the University in regard to recruitment and payment to teachers and non-teaching staff.

6.5.3 Quality assurance initiatives of the institution include:

1. Regular meeting of Internal Quality Assurance Cell (IQAC); Feedback collected, analysed and used for improvements
2. Collaborative quality initiatives with other institution(s)
3. Participation in NIRF
4. any other quality audit recognized by state, national or international agencies (ISO Certification, NBA)

7.2 Best Practices

7.2.1 Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Response:

Best Practices -I

1.Title of the Practice: WOMEN EMPOWERMENT

2.Objectives of the Practices:

- To promote a culture of respect and equality for female gender.
- To create a conduct counselling environment for female gender to share their problems.
- To sensitize the college community on the need for empowerment of women
- To enable the college community understand the role of every one in empowering women students.
- To help women students understand their strength and potential.
- To educate girl student on women specific health issues and measures to be taken.
- To provide help in case of necessity round the clock.

3.The Context:

- As our college is located in Dharpally mandal. Most of the students are from poor background, apart to that more than 70% are girls students. some of those students are not emancipated and permitted to go for higher studies or jobs and they usually get married after or in the mids of their graduation itself.
- Hence in this regard our college Women Empowerment Cell has taken the challenge of empowering such girls students at greater extent.

4.The Practices:

Women Safety Programmes : Women Empowerment Cell of the college created awareness programs on child marriages, health and hygiene issues of the girls, social responsibility.

SHE Team Programmes : WEC arranged SHE team Programmes on special tips and safety measures for the girl students in handling critical situations.

5. Evidence of Success: The continues support and participation by the students and lecturers for the past 5 years tells the success story of the college society. The objective set by the society in the beginning is achieved through student participation.

6. Problems encountered and resource required: As most of our girls students are from rural background, they have parental restriction for taking part in most of the activities. But our women staff member encouraged them to involve and make use of facilities available in the college.

Best Practices -II

I.Title of the Practice: Mentor and Mentee:

2.Objectives of the Practices:

- To achieve the vision of the institution viz, to develop all round personality of the students on progressive lines.
- To provide a continuous learning process for the both the Mentor and Mentee.
- To establish the mentor as a role model and to support the mentee for personal and academic development.
- To establish a vibrant relationship between the Mentor and Mentee, that will ensure responsible behavior and discipline.

3.The Context: The nature of the student background i.e catering to different socio-culture and economic diversity necessity mentoring being opted as one the best practices by the institution. The absence of institutionalized system of having proper system of mentoring, guidance and counseling in the region along with the obvious fact that the most of the students are from remote area and first generation learners makes it impartive on the part of the institution to provide mentoring.

4.The Practices: Each one of the lecturer is assigned the job of mentorship and responsible for one section. They identify the problems of the students who are weak in academic performance and who are not participating in any activity, and refer them to the counselors for necessary motivation. They maintain separate register and record the academic progression of the students from entry level to end semester and evaluate them to take necessary measures. Counseling is arranged for the slow learners to change their mind-set and to encourage energy and enthusiasm to be happy by engaging them with fellow students.

Entertaining activities are arranged among students organized by themselves to inculcate leadership qualities and participative behavior with others. Academic competitions are conducted to make them face challenges and show their best performance. Parent – teacher interaction is organized to bring parental support to students.

5. Evidence of Success More than 40% of counseled students have shown remarkable change in their attitude and performance towards academic pursuits.

6. Problems Encountered and Resources Required It takes some time on the part of the teachers to trace out the slow learners.
