ECO CLUB

AIMS & OBJECTIVES

The aim of the Eco club is to maintain Ecological balance, protect the environmental wealth and nature and educate the youth to participate in the activities of environmental issues to protect them at present and in future. The Eco club formed in the college in the academic year 2005 by the CCE proceedings.

- To motivate the students to keep their surroundings green and clean by undertaking plantation of trees.
- Motivate students to imbibe habits and life style for minimum waste generation, source separation of waste and disposing the waste to the nearest storage point.
- Organize seminars, debates, lectures and popular talks on environmental issues in the college to motivate the students to keep their surroundings green and clean.
- Organize tree plantation programs, awareness programs such as quiz, essay, painting competitions, rallies etc. regarding various environmental issues and educate children about re-use of waste material & preparation of products out of waste.
