NATIONAL INTEGRATION YOUTH CAMPS

INDIA is a country with wide variety of people having different cultures, speaking different languages and having different religions, cast and traditions.

National Youth Project is one of the leading organizations in the country, mainly for the youths, organizes programmes through which the message of National Integration and Communal Harmony will be propagated. National Youth Project is the winner of National Youth Award for Communal Harmony. **Shri S.N. Subba Rao** is the Founder Director of **National Youth Project**. (N.Y.P.) took birth at Mahatma Gandhi Sewa Ashram, **Jaura in 1972**. He was veteran Gandhian and freedom fighter.

N.Y.P. organized youth camps and other programmes in many parts of India such as Nagaland, Manipur, Sikkim, Ladakh, Lakshadweep, Andaman, Bhagalpur, Aligarh, Bombay, Godhra, Kanpur, Nakodar and other not affected places.

The youths could establish that in spite of difference due to religion caste, language or status they could live together and be friendly to one another, bringing forth living meaning to the spirit of “Unity in Diversity” After their experience in the NYP camps the youths themselves felt that their life became more meaningful when they participated national building activities. On the routine, the NYP has been conducting 10 camps in a year.. **Sadbhavana Rail Yatra** was for the first time in the history of mankind an experiment was made to inculcate **sadbhavana** (goodwill) among the various sections of the people utilizing the youth power and carrying its own rail tracks under the inspiring leadership of **Dr. S. N. Subba Rao**.

NYP had conducted more than hundreds of camps that convinced us that properly oriented, our Youths are powerful in process of Nation building. Further they are best soothing agents in troubled

Main Objectives:

1. To give youths an exposure to different traditions and culture of people living in INDIA. This imparts a quality of understanding people in a youth. As a result youths can understand that '**Unity in Diversity**' is surely possible and can take steps towards making this dream into a living reality.
2. To teach a youth how to easily adapt with different types of people having different traditions, languages and religions.
3. To inculcate traditional and cultural values among youth.
4. To teach youths that how to live in a community and encourage youth to participate in different types of cultural activities.

These camps help building '**Ek Bharat, Shrestha Bharat**' where there will be unity and peace between various states having different cultures, where everyone becomes the part of solution, not the problem. It doesn't matter how big the problem is, together we can make everything possible.

Unity and Peace are the root causes of development of any country. If somehow, we could achieve this, our nation will begin growing in every useful aspect such as education, science and technology, defense services, creating great leaders, employment, economic growth etc. Keeping these things in mind, these camps have countless number of benefits.
