

## Government Degree College, Maripeda

### Professional Development Programme

A one month capacity building programme was held on Basic Computer Skills for the staff members in the college. It was organized by the Department of Computer Science under the guidance of IQAC. The program was organized from 16 March 2021 to 15 April 2021. The program was attended by teaching staff and also non-teaching staff. Some staff members who did not have previous knowledge of computer basics were much benefited by the training program. Staff who had basic knowledge of computer skills are benefited by refreshing their skills.
