

GOVERNMENT DEGREE COLLEGE – PALONCHA

BHADRADRI KOTHAGUDEM DISTRICT, TELANGANA – 507115

(Affiliated to Kakatiya University, Warangal)

DEPARTMENT OF PHYSICS

TITLE OF THE PROGRAM: Field trip to Kothagudem Thermal Power Station, VII Stage, Paloncha

DATE OF THE EVENT: 15.06.2021

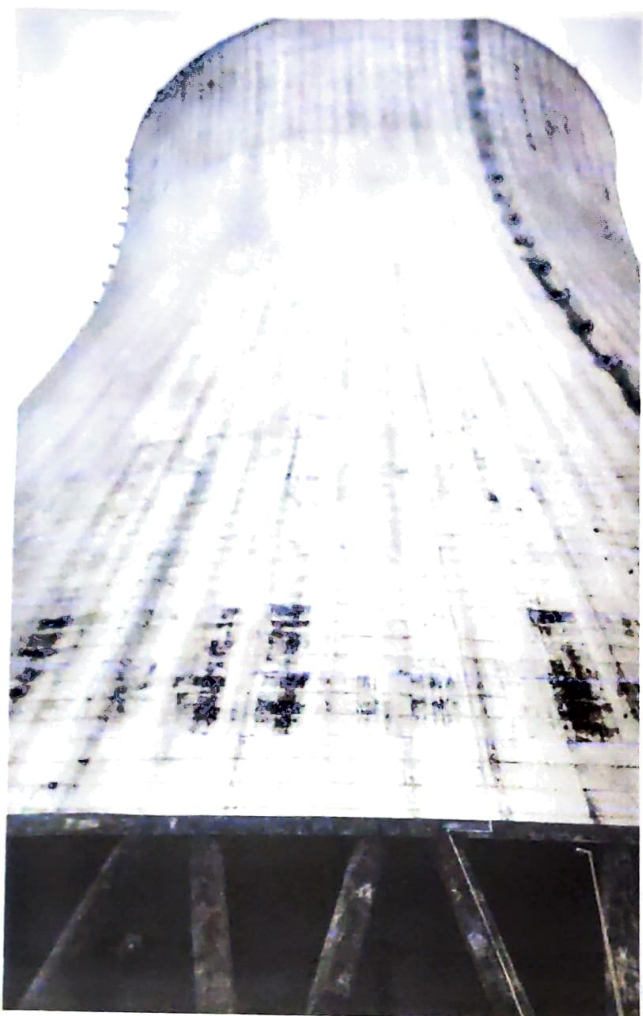

OBJECTIVES OF THE PROGRAM:

To understand the physics principles involved in the process of power production at coal based power plants. This trip is also useful to the students doing a study project on Impact of Fly & Bottomed ash.

BRIEF DESCRIPTION:

Students from Department of Physics of the college visited Kothagudem Thermal Power Plant at Paloncha on 15.06.2021 to understand the physics principles involved in the process of power production at coal based power plants. This trip is also useful to the students doing a study project on Impact of Fly & Bottomed ash. Students are thoroughly observed various parts of the power plant involved in the power production. Students are aware about process of power production by coal. Students also understood how the Fly ash, Bottomed ash is managed to avoid air and water pollution. Students are actively involved in the trip and their doubts are cleared by Sri P.Venkat Rao, ADE. This field trip is organised by Department of Physics under the supervision of the Faculty Sri S.Rambabu, Assistant Professor of Physics. 9 students participated in the program.

List of the students participated in the program

S.No	Name of the Student	Group & Year	Signature of the student
1.	D. Anitha	MPC- II Year	D. Anitha
2.	Ch. Yaswanth	MPCs- II Year	Ch. Yaswanth
3.	Nandini	MPCs- II Year	R. Nandini
4.	Maneesha	MPCs- II Year	G. Maneesha
5.	Murali	MPC- II Year	Murali
6.	Madhubabu	MPC- II Year	M. Madhu Babu
7.	K. Pavan	MPC- II Year	K. Pavan
8.	Ch. Sai Ram	MPC- II Year	Ch. Sai Ram
9.	G. Praveen	MPC- II Year	G. Praveen
