

Department Innovative/Best Practices

Professional Certified Courses:

Professional courses help students in earning a privilege and a cutting edge over others in the present global scenario. In keeping with the said view, the college has initiated various career-oriented courses like:

- A Course in Basic Computer Skills
- A Course in Tally ERP 9 with GST

Remedial and Extra-Coaching Classes for Slow and Advance Learners:

Remedial classes are conducted for struggling students to provide them with remedial teaching. These classes shore up their basic skills and provide the slow learners with an extra support which can help them catch up to their peers. The college also caters to the special learning needs of advanced learners. The students are provided with extra guidance after the classes whenever necessary. Both the classes are arranged to encourage students to ask as many questions as necessary to understand a subject and clear the concept

Career Counseling:

Career guidance and counseling programmes aim at providing assistance and advice to students to make them more and better informed about their future educational and career choices. It also helps the students to realize their strengths and weaknesses by instilling self-awareness, decision making skills, planning skills, personality development etc. Therefore, the department keeps seminars, guest lectures, workshops, educational and field visits at regular intervals.

Organization of Consumer Awareness Programmes:

Every year on 24th December and 15th March Department organizing Consumer Rights Awareness Programmes to the students for their benefit
