

Tara Government College Sangareddy (Autonomous)

An ISO 9001: 2015 certified college
Department of Botany

FIELD VISIT/FIELD WORK

The Faculty members along with the students have visited the fields of the nearby villages like Chintalpally. The students have interacted with the farmers about the crops they are growing, it's production and about the diseases the crop which is getting infected and the pesticides they are using. The students after gathering all the information they have suggested the farmers about the rotation of crops and use of biofertilizers in place of chemical fertilizers and also suggested them to use herbicides instead of pesticides so that it would help the society /community from getting various health issues and have a good health.
