

Department of Economics

INNOVATIVE AND BEST PRACTICES

Best Practices:

In our college most of the students are from the families belonging to below poverty lines and they are unable to buy the books or study material at Free of Cost . We identified the problem and decided to buy printed instructional study material from the publishers at market prices and to distribute it at FREE OF COST. . We started this practice from the academic year 2018-19. We use to provide these materials to maximum number of students in the beginning of every semester.

1. TITLE OF THE PRACTICE:

“PROVIDING PRINTED INSTRUCTIONAL STUDY MATERIALS TO STUDENTS”

2. THE OBJECTIVES:

1. The main objective is to make every student an active participant in the classroom.
2. To help the students refer and relate to what is being taught to real-life situations.
3. To make the learning permanent among the students.
4. To build the confidence among the students regarding their syllabus.
5. To achieve cent percent result in their university exams.

3. THE CONTEXT

Among all the instructional material, **The Printed Instructional Study Material** is very essential tools in learning the subject. The Department of Economics believes that first instructional study material is the textbook. Textbook is the nucleus to all the learning activities related to a particular curriculum. After textbook the printed instructional study material plays a vital role in imparting knowledge to the students in the present teaching learning process. The **Printed Instructional Study Materials** allow the students to interact with words, diagrams, data tables, symbols and ideas that develop their abilities in reading, listening, understanding, solving, viewing, thinking, speaking and writing. Keeping in view the department of economics decided to provide printed instructional study material at a nominal cost.

4. THE PRACTICE

In our college most of the students are from the families belonging to below poverty lines and they are unable to buy the books or study material at market prices. We identified the problem and decided to buy printed instructional study material from the publishers at market prices and to distribute it at free of cost. We started this practice from SEM II/IV/VI of the academic year 2018-19. We use to provide these materials to maximum number of students in the beginning of every semester. The details are given in the separate page.

5. EVIDENCES OF SUCCESS:

1. Student's attendance and participation in the classroom increased and dropout rate of students has become minimal.
2. The confidence among the students regarding their syllabus increased.
3. The students Pass percent in their public exams increased.

6. PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED:

1. Providing the printed instructional study material to all students at free of cost is the biggest problem as the student's strength is increasing year by year.
2. The department of Economics identified that a small section of students had misused the study material.

7. NOTES:

The Department of economics is planning to prepare other types of instructional study material like e-copies and audio visual aids.

No. of Students received Study Material during the academic year 2020-21

Academic Year	Semester	I BA	II BA	III BA	Total No
2020-21	SEM – I /III/V	35	30	25	90
	SEM – II/IV/VI	35	30	25	90

THE DETAILS OF THE PRINTED INSTRUCTIONAL STUDY MATERIAL PROVIDED DURING THE LAST THREE ACADEMIC YEARS.

ACADEMIC YEAR -2020-21

CLASS & YEAR	SEMESTER	SUBJECT	PAPER	NAME OF THE PUBLISHER
I BA	Semester I	Paper I	Micro Economics	Ganesh Publications
II BA	Semester III	Paper III	Statistics for Economics	Ganesh Publications. Nalgonda.
