

- Commerce club is a great way to spark a student's interest in learning. It gives students a chance to question how or why things work and work towards solutions.
- Commerce club can give students a safe environment to learn and interact with others with similar interests.
- It can also provide a safe place for students to explore and discover, especially for those who may not have strong support at home.
- We do not need to be teachers or economists, managers to start a commerce club, just bring our enthusiasm to inspire young minds.
- Our club can also prepare students for commerce fairs / study project, and material they will learn in the future.
- When we start a commerce club, we are helping the community by inspiring young people to learn & earn.

Introduction of Tara commerce club (TCC)
