8 Eco club

Eco club activities ideas

Action based activities like tree plantation, cleanliness drives both within and outside the school campus, Grow kitchen gardens, construct water-composting pits, construct water harvesting structures in school, practice paper recycling etc.

objectives of an eco club

The main aim of establishing the Eco club was to conserve the natural resources and the natural environment to create Eco friendly environment and create awareness of biodiversity conservation and local environment issues among children.

⇒ Create awareness among students.

⇒ rallies, human chains, road marches are all activities that can create an impact.

Stem clubs

9

stem clubs offer an opportunity to excite students about STEM subjects.

→ As well as developing practical, teamwork and leadership skills that will support their classroom learning and boost their employability skills.

stem clubs offer young people valuable opportunities to explore science, technology, engineering and mathematics (STEM) in an informal setting, allowing them to experiment, ask questions and tackle challenges that interest them.

stem clubs is a gathering of students and their peers, faculty, support staff, community partners,

Foreign language club

- * Reading fairy tales and literary books.
 - * Creating a school newspaper.
 - * Creating and viewing films & watching and performing short plays.
- For instance, students are given stories and books to enhance their writing skills.

Purpose of a language club

They enable people to practise and improve their spoken language skills.

Classroom activities for teaching a foreign language.

- * Speaking exercises. This is a fun language exercise for when young students have to practice their speaking.
- * Language Games. This language exercise is more for elementary students, but can also be for high school students.
