

GIRRAJ GOVERNMENT COLLEGE (A), NIZAMABAD

DEPARTMENT OF BIO TECHNOLOGY

Best practices

1. PG coaching:

The department of Bio Technology has given PG coaching to final year B.Sc. students on online mode to help the students perform well in PG entrance exam, i.e. CPGET – 2021.

2. Remedial coaching for slow learners:

The department has conducted remedial coaching classes for those students who have backlogs in their previous semesters.

3. Conducting student seminars and giving assignments:

The department of Bio Technology conducts student seminars in every academic year to develop interest in the subject, to acquire teaching skills and enhance their communication skills. The students will select a topic of their interest and gather necessary information from various references also from various e-resources like Wikipedia, You tube etc. This would help the students in updating their subject knowledge.
