

## Significant Achievements

### Department of Physics Tara Government College, Sangareddy

The Department of physics of Tara College is having PG as well as UG in physics. We encourage students to study PG in the same college. Every year significant number of students who have completed UG will join into the PG physics program in the same department. This is a good opportunity for the UG students of physics to pursue PG in physics in the same department. The following students who are completed UG in the department has joined in the PG in the department of physics.
