## ABOUT WARANGAL

**Warangal (Orugallu or Ekashila nagaram)** is one of the VIBRANT, BEAUTIFUL, CLEAN, SMART, HERITAGE CITIES in southern India. It is known for its rich history, culture and heritage and located 130 km from Hyderabad city, the capital city of Telangana state. Warangal is the second most populous city in the state, with the other being state capital, Hyderabad.

It is one of the eleven cities in the country to have been chosen for the **Heritage city status** by the Government of India. It was also selected as a **Smart city** in the "fast-track competition". Warangal served as the capital of the Kakatiya dynasty (1163-1323) which was established in 1163. The monuments left by the Kakatiyas include fortresses, lakes, temples and stone gateways which, in the present, helped the city to become a popular tourist attraction. The Ramappa Temple (UNESCO World Heritage Site) is 40 miles away from Warangal.
