ABOUT THE SEMINAR:

Quality education is the key for the growth and success of any nation. Higher Education Institutions (HEIs) play a vital role in providing quality education and there exist various practices that need to be adopted for the same. NAAC has been set up to facilitate the volunteering institutions to assess their performance vis-a-vis set parameters through introspection and a process that provides space for participation of the institution. NAAC accreditation helps the HEIs to analyze their strengths, opportunities, and weaknesses through an informed review process. Beside this, the NAAC accreditation will help funding agencies with objective data so that they can take a decision on the funding of HEIs. NAAC grade/assessment may also help educational institutes to initiate modern or innovative methods of pedagogy. On the other hand, NAAC accreditation or grade of a HEIs will help the student to figure out all the details about the institute such as quality of education, research output, teaching-learning, infrastructure etc. NAAC grade helps students to choose the best institute based on its NAAC grade/performance in the NAAC accreditation process. This Conference is sponsored by RUSA, and planned to motivate HEIs to initiate and share the best practices as well as to undergo the evaluation of the same with the assessment and accreditation by NAAC.

OBJECTIVES:

- ❖ To bring awareness and present critical insights into all the seven criteria of NAAC, as the revised SSR proforma is being implemented w.e.f. 01-06-2022.
- ❖ To give guidance for SSR preparation, insight and in-depth knowledge of the DVV process
- ❖ To present some of the best practices followed by top graded institutions, to suggest measures for overall quality enhancement, to create awareness on revised AQAR and institutional growth.
