& Autonomous Grading: Grade point is weightage allotted to each grade letter (O, A, B, C, D, E, F and AB) depending on the marks awarded in a course.

& Evaluation Pattern

& Course outcomes: Students learn Computational skills, communication skills, logical thinking, presentation skills and overall development during the course and they develop knowledge to enter into higher education.

& Career opportunities: Students will get an idea of different opportunities available after completion of B.Sc Degree like Civil services, IICT, NGRI, IITS, IIT-JAM and different Government and private sectors and about the Student Conduct.

DEPARTMENT OF COMMERCE

Our college were established to train graduates in their respective branch/ department of study, have a holistic outlook towards life, and have a desire to work for national needs and beyond. The graduating student must have excellent knowledge and skills in the area of his study. However, he must also have broad understanding of society and relationships. Character needs to be nurtured as an essential quality by which he would understand and fulfill his responsibility as an accountant and management, a citizen and a human being. Besides the above, several meta-skills and underlying values are needed. There is a mad rush for engineering today, without the student determining for himself his interests and his goals. This is a major factor in the current state of demotivation that exists among UG students towards studies. The success of gaining admission into a desired institution but failure in getting the desired branch, with peer pressure generating its own problems, leads to a peer environment that is demotivating and corrosive. For some, the start of hostel life without close parental supervision at the same time, further worsens it with also a poor daily routine.

Resource person: Mr.Alok Nath

Mr.P.V.N. Sharma, Senior Scientist and Dr.Vikas Tripathi of Geological survey of India (GSI), explained what are the various opportunities available after completion of B.Sc Degree. The Principal Dr.G.Yadagiri, and Dr Praveen Kumar Reddy, Controller of examination addressed the students about Sceme of evaluation, student conduct,career opportunities and importance of Higher Education.
