S.No 2. Installation of Rotaract Clubs in the college campus

Rotaract clubs bring together people ages 18 and older to exchange ideas with leaders in the community, develop leadership and professional skills, and have fun through service. In communities worldwide, Rotary and Rotaract members work side by side to take action through service. Rotaract club provides professional development opportunities to its members through activities such as Special professional and vocational forums, Business technology updates, Management and marketing seminars, Business and professional ethics conferences, Presentations on finance and credit options for business start-ups. Rotaract clubs are installed in our college campus in association with Rotary Club of Hyderabad Deccan on 09-11-2016 and this program was organized by NSS, NCC and RRC together. In this programme around 99 volunteers have participated and they got to know the importance of Rotaract clubs. Students were very happy by this program.

S.No 3. Blood Donation Camp

A Blood Donation Camp was organized in our college by NSS, NCC, Red Ribbon Club and Rotary Club on 11th August 2016. The camp was organized with the help of a medical team consisting 2 doctors and support staff. The program started in the morning 10 am in the morning. This program was inaugurated by Dr.Rajini, Principal. After inauguration, around 75 students have participated in the program by donating blood in a very positive way. In the middle of the program, around 11.30 am, a doctor also gave a speech on the benefits of blood donation. The blood donation process of all the students was being done by the medical team. The program lasted till 4pm in the evening. The donors were given refreshments. In this program, Teaching and Non-Teaching staff also participated. NSS Program Officer of Unit 1, Ms.V.V.Mallika, P.O. of Unit 2, Ms.M.Sangeetha, P.O. of Unit 3 Dr.Ch. Anuradha and P.O. of Unit 4 Ms.Malleshwari have participated and made the program a grand success.

S.No 4. Clean and Green Programme

For the celebration of Independence day, On 13th August 2016, NSS has taken initiative to make the college clean and green and conducted **clean and green programme**. As a part of this 200 NSS volunteers were encouraged to clean the college campus, class rooms and corridors. NSS Program officers, Ms.V.Mallika, Ms.M.Sangeetha, Ch.Anuradha and Ms. Malleshwari made talked to Volunteers and made them understand the importance of cleanliness and how it impacts our health. Cleaning has started at 2 pm and it continued till 5 pm. In this NSS unit 1 has cleaned the entire ground. NSS Unit 2 and 3 has taken care of Class rooms and NSS Unit 4 has cleaned the corridors. During the cleaning process, the

biodegradable waste that was collected is dumped into compost pit so that it can result in good manure. Students felt very happy by their work. The contentment and satisfaction could be seen on their faces after their work. At 5 PM, principal, Dr.P.Rajini mam have interacted with the students and appreciated their work and said their support is more important for the college in all aspects. After principal mam interaction, students were given bananas.

S.No 7. National Integration Camp:

National integration camps are being organized in india for a long time.The objective of these camps is to build a unity and peace with spritual harmony between different states and

cultures of India. The mission of Scouting is to contribute to the education of young people, through a value based system based on the Scout Promise and Law to help build a better world where people are self-fulfilled as individuals and play a constructive role in society. This is achieved by involving them throughout their formative years in a non-formal educational process. By using a specific method that makes each individual the principal agent in his or her development as a self-reliant, supportive, responsible and committed person. By assisting them to establish a value system based upon spiritual, social and personal principles as expressed in the Promise and Law. This programme is very useful to our scouts to share their culture, languages and experiences. Two Cadets (N.Rithika,S.Shivani) were selected for National Integration Camp at Mysore Karnataka.Camp was conducted from 7th Jan to 17th Jan 2018.

- 4)Airshya Afreen-B.Com General III Year
- 5)G.Mounika- B.Sc MSCs III Year
- 6)K.Mounika- B.Sc MSCs III Year
- 7)P.Vani –Bio Tech III Year

Soft Launch of Gender Sensitization Course Smt. Smriti Zubin Irani, Honourable Minister for Human Resources development, Faculty member V.V.Mallika, Assistant Professor in public administration is appointed as co-ordinator for “Two Day Chetana Training Programme”.

Selected lecturers from Government Degree Colleges of Telangana state are the participants. From Government Degree College for Women, Begumpet, the following lecturers attended the training program.

Dr. P. Lalitha vani-Lecturer in Telugu.

Smt. V. Padma Anuradha-lecturer in Mathematics.

3)Smt. P. Surekha-Lecturer in chemistry.

Faculty Members Receiving Certificates

Gender Sensitisation is introduced in our curriculum as one Credit Course with effect from this Academic Year i.e., 2016-17.

Objectives of the Course:

To develop students' sensibility with regard to issues of gender in contemporary India.

To provide a critical perspective on the socialization of men and women.

To introduce students to information about some key biological aspects of genders.

To expose the students to debates on the politics and economics of work. To help students reflect critically on gender violence.

To expose students to more egalitarian interactions between men and women.

Learning Outcomes:

Students will have developed a better understanding of important issues related to gender in contemporary India.

Students will be sensitized to basic dimensions of the biological, sociological, psychological and legal aspects of gender. This will be achieved through discussion of materials derived from research, facts, everyday life, literature and film.

Students will attain a finer grasp of how gender discrimination works in our society and how to counter it.

Students will acquire insight into the gendered division of labour and its relation to politics and economics.

Men and women students and professionals will be better equipped to work and live together as equals.

Students will develop a sense of appreciation of women in all walks of life.

Through providing accounts of studies and movements as well as the new laws that provide protection and relief to women, the textbook will empower students to understand and respond to gender violence.

S.No **9. Power tools boot camp on confidence, leadership and entrepreneurship**

Girls in Tech India supported by the Government of Telangana and co- hosted by U.S. Consulate General, Hyderabad and UNDP hosted “Power Tools Workshop on Confidence, Leadership and Entrepreneurship” for women. It was led by Hilary MJS Weber in association with University of California, Berkeley and opportunities & Innovation,USA.

The Three Day workshop was held from 14-11-2016 to 16-11-2016 at Haritha Plaza, Begumpet, Hyderabad. The work shop was for three categories-

Women Entrepreneurs, women startup founders

For working professionals, aspiring women Entrepreneurs 3) Students

Out of 2000 applicants, 234 members were selected to participate in the workshop. It is a privilege of Government Degree College for women, Begumpet that 17 students from the college were selected to participate in the workshop.

Workshop is the blend of interactive lectures, Case studies, hands-on work shop exercises. Workshop began with confidence building session as addressing confidence in women before they become entrepreneurs is a Critical Step in their Success.

Students Participating in the workshop

The second portion featured an introduction to entrepreneurship, which begins with creating and communicating a vision/Mission they care about. Sessions were on opportunity Recognition, Ideation & Validation; Customer Discovery & Interaction; Polishing the Pitch-Pitch Presentations. They presented a final pitch to experienced judges at the end of Boot-Camp/Workshop.

Students participating in the workshop

All the participants used a new online assessment called the Berkeley Innovation Index at the beginning, middle and end of the Boot-Camp.

Two students of Government Degree College for women, Begumpet – Geetha Naik and Priyanka Thakur were in First and Third prize winning groups.

Students Participating in the workshop

An Interactive Session was Organised by YI YUVA –CII On Mythology and Its Relevance In Today's Business World. Resource Person was Dr. Dev Dutt Patnaik who is an author, Speaker, Illustrator and Mythologist. He enlightened the students on India's Unity

INTERACTIVE SESSION AT INDIAN SCHOOL OF BUSINESS ORGANISED BY YI YUVA. In Diversity, Pluralistic Ethos and Value System.

S.No 10. Eye screening camp

The Health Committee Organized free Eye checkup camp on 06 August, 2016 in collaboration with L.V. Prasad Eye Institute. The Doctors team conducted eye checkup, gave referral slips and identified students with serious eye problems. In this program around 115 students have participated.

Caring for vision can lead to a better quality of life. Eyesight impacts performance in all walks of life. When the vision health is at its best, one can perform better in all aspects of life. Eye strain leads to headaches, fatigue.

Eye screening included visual acuity test, to detect subnormal visual acuity and major vision problems and checked for early signs of serious eye problems such as glaucoma, cataracts, macular degeneration and detached retina, Vision screenings are helpful to identify students who already have significant myopia.

Good vision is essential for Students to reach their full academic potential. It's been widely stated that roughly 80 percent of students having visually, and vision problems can have a profound effect on learning.

Impact of the Activity:

Students were detected with correctable refractive errors (nearsightedness, farsightedness and/or astigmatism) don't have their vision fully corrected with up-to-date prescription eyeglasses or contact lenses. The main reason for having vision related problems are using computers and other digital devices much more extensively. The illuminated screens of these modern devices tend to be more visually demanding than books and other printed text. This makes it more important than ever for students to have their eyes examined routinely to identify and treat vision problems.

S.No 11. Awareness program on Poly Cystic ovarian syndrome

PRINCIPAL
Govt. Degree College for Women
Begumpet, Hyderabad.

The Health and Hygienic Committee conducted an awareness programme on Polycystic Ovarian Syndrome on the 27 January 2017. In this program around 43 students have participated.

Introduction:

Polycystic Ovarian Syndrome (PCOS) is a complex hormonal disturbance with numerous implications for general health and well being. It is the most common endocrine global disorder in women of reproductive age and has a prevalence of 5-10 per cent in the group. However, many women remain undiagnosed or are misdiagnosed as having other condition such as premenstrual syndrome. Polycystic Ovarian Syndrome is a health problem that can affect a women's menstrual cycle, ability to have children, hormones, heart, blood vessels and appearance. Doctors say that 1 out of 10 women suffer from Polycystic Ovarian Syndrome in today's world and the exact reason is unknown. The syndrome presents at puberty, with irregular or absent periods. As the term Polycystic Ovarian Syndrome suggest the syndrome is often accompanied by enlarged ovaries containing multiple painless "cysts" or tiny follicles about ¼ to ½ inches in diameter.

Context:

The Polycystic Ovarian Syndrome is a source of psychological morbidity and also can negatively affect the quality life of adolescents. So, early recognition, prevention and treatment are important to prevent long term sequel and to develop a positive attitude and follow healthy life style.

The United States National Center for Health Statistics suggests that nearly 15% pre adolescence is overweight or obese. There is evidence that children and adolescents of affluent families are overweight unlike in past possibly because of decreased physical activities, sedentary lifestyles, and altered eating patterns and increased fat content in the diet. Nowadays Indian women have a steady diet pattern of junk foods. According to the National Family Health Survey- 4 it is estimated that in past 10 years, the number of obese people has doubled in the country with the record of 45.6 per cent of the urban women in the state with obesity against the 27.6 per cent women in rural Andhra Pradesh.

Objectives:

The main objective of the programme was the to bring about an awareness on the disease called POLYCYSTIC OVARIAN SYNDROME due to factors like obesity, irregular menstrual cycle, stress, lack of exercise through power point presentation.

To enlighten them about various lifestyle modifications in order to prevent PCOS and to encourage them to consult medical personnel if they observe any symptoms.

To bring about an awareness through a questionnaire consisting of questions on demographic variables , obesity, menstrual cycle, stress, exercise and symptoms through a checklist of Polycystic Ovarian Syndrome.

Impact:

The students were enlightened about the disease and the session concluded with a talk on the importance of lifestyle modifications in preventing Polycystic Ovarian Syndrome, and thereby students were encouraged to practice exercise in their daily life.

The students were advised to understand the medical condition and seek medical help when needed. They understood the importance of making life style modifications in order to protect themselves from Polycystic Ovarian Syndrome.

S.No 12 Awareness programme on Leprosy and Skin diseases”

The Health and Hygiene Committee conducted “**Awareness programme on Leprosy and Skin diseases”** ON 15th March, 2017. In this program around 81 students have participated.

Resource Persons:

V.Sathynarayana – (APMO) Assistant Para- Medical Officer (Leprosy and Aids)

Dr.Aruna Bala Chaudary – Consultant Medical Officer – Lepra Society.

G.Swamy Reddy – Project Officer – Lepra Society.

Introduction:

Leprosy is caused by Mycobacterium Leprae that affects the nerves of the patient leaving him crippling throughout his life. 61% of the World Leprosy cases were diagnosed in India especially in the slums where lack of knowledge leads to the exclusion of the sufferers from the community.

Context:

The Government aims to eliminate Leprosy a public health problem by 2020 and is taking steps to seriously create awareness among the people about the disease which is surrounded by myths and stigma. Today when Leprosy is curable the age old stigma attached to it has not been cured. People think that Leprosy is a result of sins and immoral behavior, people affected by Leprosy and other skin diseases are often unaware that Leprosy is treatable and that they have their rightful place in the society. **Every year on Mahatma Gandhi's death anniversary is observed as Anti-Leprosy day.** A nationwide Sparsh Leprosy awareness campaign was launched on January 30, which also marked as Anti Leprosy day Dr. Anil Kumar Deputy Director General, Central Leprosy Division Ministry of Health and family welfare.

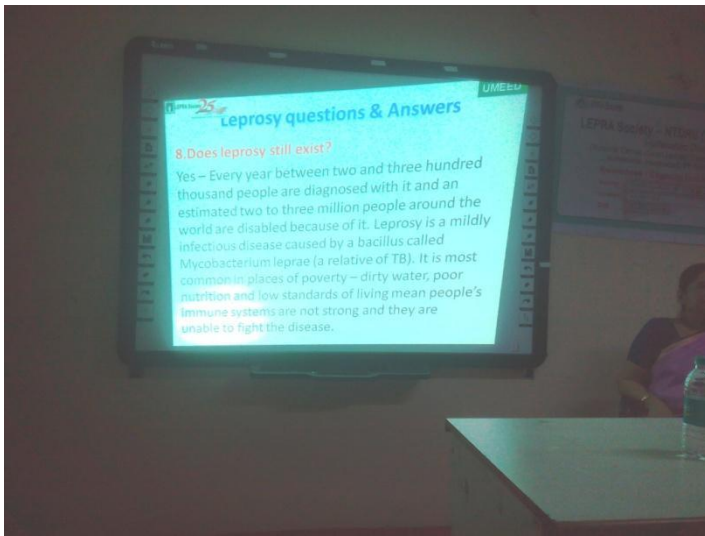

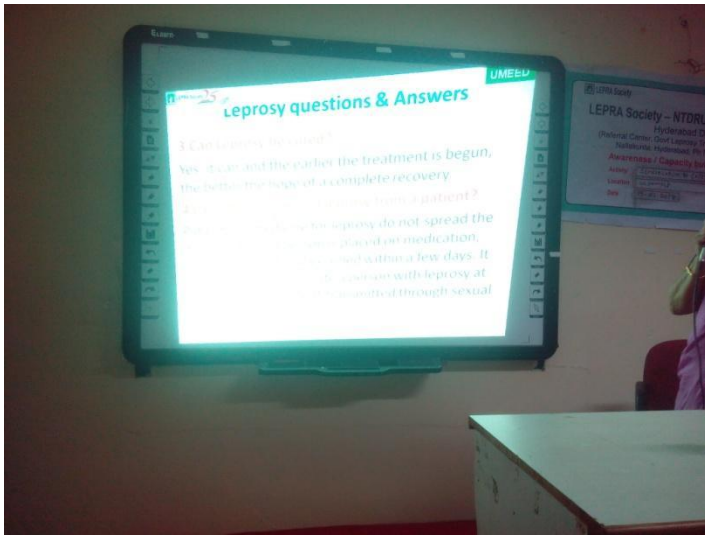

Awareness and understanding are the first steps towards tackling the problems related to Leprosy.

Early detection of Leprosy is the key to prevent long term complications. Therefore there is need to educate and inform people about leprosy and ask them to seek medical help at the earliest and also reduce the stigma and discrimination.

It is also essential to people affected by Leprosy to know their rights and claim their rightful place in the society.

Objectives:To promote Community participation in diagnosis and treatment of Leprosy and skin diseases in its early stages.

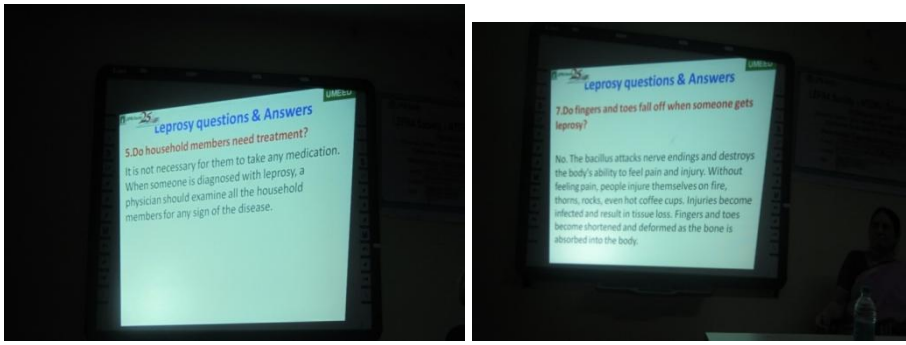

To sensitize against stigmatizing and discriminating those affected and to spread awareness about the disease to help in early diagnosis and treatment.

Lepra India :

Lepra India an NGOs registered as Lepra Society works to restore health hope and dignity to people affected by Leprosy Tuber Colossi, HIV/AIDS and other allied disASES. The core activities of Lepra are carried out as per the guidelines of Natroual Leprosy EradiCationProgramme (NLEP) of the Government of India.

The medical Officer Dr.Aruna Bala Chaudhary medical Advisor Lepra Society and G.Swamy Reddy Project Officer and APMO from Additional District Medical Health Officer enlightened the students on the early detection of the disease its symptoms, causes and other characteristics through a power point presentation.

Impact:

The students were briefed about the government social welfare schemes and how to help people affected by leprosy, stigma reduction strategies, discriminatory legislations, human rights and advocacy.

The programme motivated students to view Leprosy with a scientific frame of mind.

The students were briefed about the Multi Drug Treatment (MDT) available to the Leprosy patients and thereby prevent disability.

They were encouraged to guide people with leprosy to the Government Health Care facilities in the Country. Students learnt about the “Sparsh” Leprosy Awareness campaign where in nationwide panchayat meetings and gram sabhas organized in co-operation with various central ministries for free treatment to all the cases through the general health care systems including N.G.O institutions.

The Programme concluded with the students actively participating in the Interactive Question and Answers Session clearing many of their doubts on skin disease.
