Cleaning surroundings and Planting plants in HarithaHaaramProgrammes 2018-2022 It of the Telangana Flagship programmes **to rejuvenate degraded forests**, protecting these forests from threats such as smuggling, encroachment, fire and grazing. It adopted intensive soil and moisture conservation measures based on a watershed approach.

Advantages of Haritha Haram programme:

Trees are considered as lungs of Earth as they take CO₂ and give fresh O₂ to us which helps in respiration.

Decreasing Global warming.

Regulates the temperature

Trees make the soil fertile and to this the crop grow well.

Reduces pollution level.
