Meeting

DT 29-02-2020.

A meeting was held in principal chamber to discuss and to take consent regarding the construction of women Police Station in the college premises. Staff and Students Unanimously expressed the following opinion.

- 1) It would be embarrassing for the students to move around the institution since several offenders law breakers, criminals will be roaming around the institution premises. due to the establishment of police station.
- 2) As many of our students stay at hostel they feel insecure regarding these movements of offenders during the night hours.
- 3) Our day scholars come on foot to college every day hence there will more occurrences of passing through the law breakers that leads to increased number of abusive comments and nuisance issues.
- 4) All the above issues will cause an adverse effect on our admission as students may be reluctant to join in our college.
- 5) The some 5 guntas of land may be utilized for the construction of a hostel to improve our admissions. Proposals were already submitted to the BC welfare department regarding construction of a new hostel.
- 6) Roaming of criminals especially who are involved in atrocities on women may cause psychological negative impact and create apprehensions about family, marriage and social system among students.

Staff and Students are not willing for this Construction.

Hence it has been resolved not to give consent for the Construction of Women Police Station.
