## POLICY ON GENDER

The Government Degree College is committed to providing a safe, welcoming, and inclusive environment for all its students, faculty, and staff. We believe that gender equity is essential to promoting social justice and sustainable development, and we strive to ensure that our policies and practices align with these values.

While it is true that our institution is exclusive for women, we recognize that gender equity is not only about providing equal opportunities for all genders, but also about creating safe spaces for marginalized genders to thrive. Our college is committed to providing an environment that fosters the personal and academic growth of our female students and empowers them to achieve their full potential.

In line with our commitment to gender equity, we do not tolerate any kind of gender discrimination or harassment on our campus. We provide resources and support services to address any concerns or issues related to gender-based discrimination or harassment, and we take all complaints seriously and investigate them thoroughly.

Moreover, we strive to provide a learning environment that is inclusive and equitable for all our female students and provides them with the tools they need to succeed in their academic pursuits and beyond.

The institution is committed to promoting gender equity and non-discrimination in all aspects of its programs and activities. This includes ensuring that admissions, hiring, promotion, and academic opportunities are free from bias based on gender identity or expression. The college will also promote gender equity in curriculum, facilities, support services, athletics, and campus life by providing gender-neutral facilities, resources, and support to students, faculty, and staff.
