Certificate for Completion of LibreOffice Suite Writer Training

This is to certify that **SANDEEP J** has successfully completed LibreOffice Suite Writer test organized at **SR & BGMR Government Arts and Science College (A), Khammam** by **ANURADHA PRATHISADAPA** with course material provided by the Spoken Tutorial Project, IIT Bombay. Passing an online exam, conducted remotely from IIT Bombay, is a pre-requisite for completing this training.

YALADRI EDURI from **SR & BGMR Government Arts and Science College (A), Khammam** invigilated this examination. This training is offered by the Spoken Tutorial Project, IIT Bombay.

March 10th 2021

Prof. Kamesh B. Hrudaya
 IIT Bombay

Spoken Tutorial is a project of IIT Bombay, started with funding from the National Mission on Education through ICT, Ministry of Education (formerly MHRD), Govt. of India.

COURSE NAME : MS-Excel and MS-PowerPoint

S.No.	Nature of the Activity	Title of the Activity	Resource Persons	Duration	No. of Participants
1	Certificate Course	MS-Excel and MS-PowerPoint	M. Srinivas Rao Ch. Jamunarani	30 hrs (01.02.2020 to 28.02.2020)	110

Objectives:

- To know how to use the most common Microsoft Office programs.
- To be able to create documents for printing and sharing.
- To be able to create and share presentations.
- To be able to manage and store data in a spreadsheet.

CLASS NAME : M.P.CS 1st YEAR.**SYLLABUS : MS-EXCEL AND MS-POWERPOINT.**

USING SPREAD SHEET Introduction, Objectives , Elements of Electronic Spread Sheet , Opening of Spread Sheet , Addressing of Cells BCC – Version – 2/ Revision-1 (2015) Page , Printing of Spread Sheet , Saving Workbooks , Manipulation of Cells , Entering Text, Numbers and Dates , Creating Text, Number and Date Series , Editing Worksheet Data , Inserting and Deleting Rows, Column , Changing Cell Height and Width , Formulas and Function , Using Formulas , Function.

MAKING SMALL PRESENTATIONS Introduction , Objectives , Basics , Using PowerPoint , Opening A PowerPoint Presentation , Saving A Presentation , Creation of Presentation , Creating a Presentation Using a Template , Creating a Blank Presentation , Entering and Editing Text , Inserting And Deleting Slides in a Presentation , Preparation of Slides , Inserting Word Table or An Excel Worksheet , Adding Clip Art Pictures , Inserting Other Objects , Resizing and Scaling an Object , Presentation of Slides , Viewing A Presentation , Choosing a Set Up for Presentation , Printing Slides And Handouts , Slide Show , Running a Slide Show , Transition and Slide Timings , Automating a Slide Show.

2021-2022

A One day Workshop on Recent Trends in Cloud Computing

About the College

S.R. & B.G.N.R Government Arts and Science College was established in 1956 to cater the Educational needs of the Rural and Backward areas in and around Khammam town. Since Khammam is semi-urban area and is located in a commercially and industrially potential area, the college felt the need for introducing novel and Job Oriented Restructured courses to attend the demand of the day and the society.

Course Offered

S.R. & B.G.N.R Government Arts and Science College, Khammam has introduced the Computer Course in the year 1997 with B.Sc Mathematics, Physics and Computer Science combination. In the immediately successive year, i.e.(1998-1999) computer course with B.A and B.Com classes also was introduced. Since then there has been a steady and evident development of the department. Currently the Courses are B.Sc (Phy. Sci.) as MPCS, MCCS, MSCS, MECS, B.Com (CA), B.A(CA) and B.Sc (Life Sci. with CA) & with new course B.Sc Data Science.

Aim & Objectives

"Recent trends in Cloud Computing" Workshop will be held at SR & B.G.N.R GOVT ARTS & SCIENCE COLLEGE(Autonomous), Khammam, Telangana India, on 23rd February, 2022. The aim of the workshop Recent trends in Cloud computing is the delivery of different services through the Internet. These resources include tools and applications like data storage, servers, databases, networking, and software. The workshop is to meet new challenges, collect new ideas and exhibit it as a practice during the session.

organizing the following event.

Name of the Event: Workshop

Date: 23-02-22

Venue: Computer Lab

Topic: Workshop on Cloud Computing

Cloud computing refers to the delivery of on-demand computing services including IT infrastructure, storage, network systems, and applications over the internet. Services are provided by a third-party vendor who handles the management and maintenance of the physical data centers where the cloud services live.

Cloud computing has already reshaped the way companies do business, but the transformative effects of the cloud are far from over. Trends in 2022 display a continuation of rapid adoption and growth as companies continue to use the cloud to modernize operations and expand IT capabilities.

Cloud Computing Trends

The cloud continues to be a crucial resource across various sectors as companies increasingly rely on on-demand IT.

- Deploying to the Edge
- The Continued Rise of Serverless Computing
- Even More AI and ML Adoptions
- Kubernetes and Blockchain
- More Emphasis on Cloud Security
- Developments in Cloud Gaming, AR, and VR

Cloud Computing Trends to Keep an Eye on in 2022

- More edge deployments
- More SASE adoptions
- The growth of serverless computing
- New services in AI and ML
- K8s enabling blockchain
- Bigger emphasis on cloud security
- The rise of cloud gaming

The cloud became one of the biggest technological winners in the last two years. It became both a trend that facilitates innovation and a standard that enables flexibility and cost savings. And with a continued importance of cloud services in almost all business operations, there is no doubt that the cloud is the future. So, in this tremendous digital landscape of varied and dynamic architecture, it's obvious that new cloud-native trends will continue to emerge.

Conclusion

The topics being discussed include: Edge Computing, Edge Server, Data center, benefits of Cloud, Serverless Computing, Kubernetes, Kubernetes Clusters multi-cloud etc.,

Workshop Evaluation Form

Title of the Workshop: Cloud Computing
Date: 23-09-2022

In order to continue to improve the quality of educational programming, the Department of Computer Science & Applications, would appreciate you taking few minutes of your time to complete this evaluation. Your comments and suggestions will help us to plan future lectures to meet your educational needs.

1. The workshop organization was [4]
1. Poor 2. Good 3. Fair 4. Excellent
2. The workshop instructor was [4]
1. Poor 2. Good 3. Fair 4. Excellent
3. The workshop presentation methods were [4]
1. Poor 2. Good 3. Fair 4. Excellent
4. The workshop activities were [3]
1. Poor 2. Good 3. Fair 4. Excellent
5. The workshop topic coverage and relevance was [4]
1. Poor 2. Good 3. Fair 4. Excellent
6. How would you rate the usefulness of the content was [4]
1. Poor 2. Good 3. Fair 4. Excellent
7. How would you rate the hand-on activities [4]
1. Poor 2. Good 3. Fair 4. Excellent
8. How would you rate the presenter's knowledge in the subject [4]
1. Poor 2. Good 3. Fair 4. Excellent
9. The workshop overall content was [4]
1. Poor 2. Good 3. Fair 4. Excellent
10. What is your overall assessment of the event [4]
1. Poor 2. Good 3. Fair 4. Excellent

About the College

S.R. & B.G.N.R. Government Arts and Science College was established in 1956 to cater the Educational needs of the Rural and Backward areas in and around Khammam town. Since Khammam is semi-urban area and is located aimed a commercially and industrially potential area, the college felt the need for introducing novel and Job Oriented Restructured courses to attend the demand of the day and the society

About the Department

S.R. & B.G.N.R. Government Arts and Science College, Khammam has introduced the Computer Course in the year 1997 with B.Sc Mathematics, Physics and Computer Science combination. In the immediately successive year, i.e.(1998-1999) computer course with B.A and B.Com classes also was introduced. Since then there has been a steady and evident development of the department. Currently the Courses are B.Sc (Phy. Sci.) as MPCS, MCCA, MSCS, MECS, B.Com (CA), B.A(CA) and B.Sc (Life Sci. with CA) & with new course B.Sc Data Science.

About the Workshop

"Machine learning" Workshop will be held at SR & BGNR GOVT ARTS & SCIENCE COLLEGE(Autonomous), Khammam, Telangana, India, on 12th, February 2022. The aim of the workshop Machine learning is an application of AI that enables systems to learn and improve from experience without being explicitly programmed. Machine learning focuses on developing computer programs that can access data and use it to learn for themselves.

Department of Computer Science & Applications is
organizing the following event.

Name of the Event: Workshop

Date: 12-02-22

Venue: Computer Lab

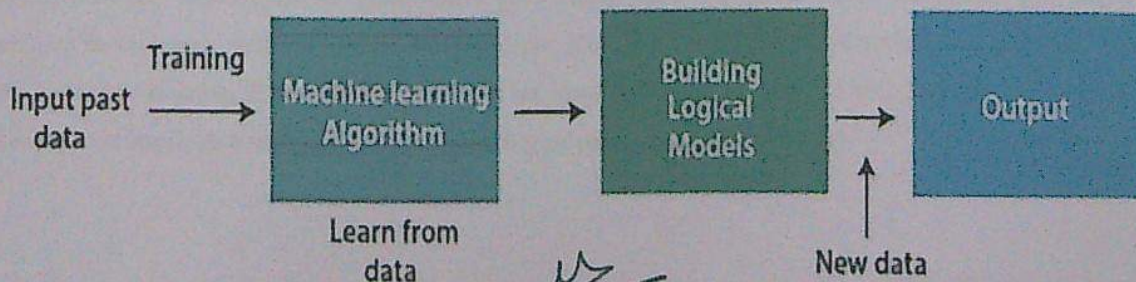

Topic: Workshop on Machine Learning

Machine learning is a growing technology which enables computers to learn automatically from past data. Machine learning uses various algorithms for building mathematical models and making predictions using historical data or information. Currently, it is being used for various tasks such as image recognition, speech recognition, email filtering, Facebook auto-tagging, recommender system, and many more.

Machine learning is important because it gives enterprises a view of trends in customer behavior and business operational patterns, as well as supports the development of new products. Many of today's leading companies, such as Facebook, Google and Uber, make machine learning a central part of their operations.

Machine Learning is said as a subset of artificial intelligence that is mainly concerned with the development of algorithms which allow a computer to learn from the data and past experiences on their own. The term machine learning was first introduced by Arthur Samuel in 1959.

Machine learning enables a machine to automatically learn from data, improve performance from experiences, and predict things without being explicitly programmed.

Features of Machine Learning:

- Machine learning uses data to detect various patterns in a given dataset.
- It can learn from past data and improve automatically.
- It is a data-driven technology.
- Machine learning is much similar to data mining as it also deals with the huge amount of the data.

Need for Machine Learning

The need for machine learning is increasing day by day. The reason behind the need for machine learning is that it is capable of doing tasks that are too complex for a person to implement directly. As a human, we have some limitations as we cannot access the huge amount of data manually, so for this, we need some computer systems and here comes the machine learning to make things easy for us.

The importance of machine learning can be easily understood by its uses cases, Currently, machine learning is used in self-driving cars, cyber fraud detection, face recognition, and friend suggestion by Facebook, etc. Various top companies such as Netflix and Amazon have build machine learning models that are using a vast amount of data to analyze the user interest and recommend product accordingly.

Conclusion:

Machine Learning is directly or indirectly involved in our daily routine. We have seen various machine learning applications that are very useful for surviving in this technical world. Although machine learning is in the developing phase, it is continuously evolving rapidly. The best thing about machine learning is its High-value predictions that can guide better decisions and smart actions in real-time without human intervention. Hence, at the end of this article, we can say that the machine learning field is very vast, and its importance is not limited to a specific industry or sector; it is applicable everywhere for analyzing or predicting future events.

Workshop on

SR & B.G.N.R Government Arts and Science College was established in 1956 to cater the Educational needs of the Rural and Backward areas in and around Khannam town. Since Khannam is semi-urban area and is located in a commercially and industrially potential area, the college felt the need for introducing novel and Job Oriented Restructured courses to attend the demand of the day and the society.

Workshop on

SR & B.G.N.R Government Arts and Science College, Khannam has introduced the Computer Course in the year 1997 with B.Sc Mathematics, Physics and Computer Science combination. In the immediately successive year, i.e.(1998-1999) computer course with B.A and B.Com classes also was introduced. Since then there has been a steady and evident development of the department. Currently the Courses are B.Sc (Phy. Sci.) as MFCS, MCCS, MSCS, MECS, B.Com (CA), BA(CA) and B.Sc (Life Sci. with CA).

Workshop on

"DBMS in Industries" Workshop will be held at SR & B.G.N.R GOVT ARTS & SCIENCE COLLEGE(Autonomous), Khannam, Telangana India, on 4th December, 2021. The aim of the workshop DBMS in Industries makes it possible for end users to create, protect, read, update and delete data in a database. The most prevalent type of data management platform, the DBMS essentially serves as an interface between databases and users or application programs, ensuring that data is consistently organized and remains easily searchable. The workshop is to meet new challenges, collect new ideas and exhibit it as a practice during the session.

SR & BGNR GOVT. ARTS & SCIENCE
COLLEGE(A),
KHAMMAM

Department of Computer Science & Applications is
organizing the following event.

Name of the Event: Workshop

Date: 04-12-21

Venue: Computer Lab

Topic: Database in Industries

- Databases are widely used by businesses to store reference data and track transactions. Websites need databases and **Enterprise Resource Planning (ERP)** systems need them.
- The **Database Management System (DBMS)** is the software that formats data for storage in databases and gives access to it through data retrieval methods. It is difficult to get an **overview of your data** through command line SQL. A graphical user interface gives you a much better way of checking the status of your database and managing it properly with better visibility.
- If you are starting to look around for software to meet your business needs, you are going to encounter a lot of options that have a database system as their base. Sophisticated interfaces to new database tools make it easier for anyone in the business to create and run a database -- you no longer need a specialist database technician or Database Administrator.

List of the best database management software:

1. **Microsoft SQL Server Management Studio** A free tool from Microsoft that makes the administration of SQL Server database easier.
2. **TeamDesk** and online database creator and is aimed at small enterprises that probably don't have a DBA on staff.
3. **SQL Server Monitoring** A monitoring system for networks, servers, applications, and websites that includes database monitoring. This is a cloud-based service.

DBMS Tools:

Here we will look at different database front ends that will help you manage your data effectively. The list here contains a range of SQL management tools that are suitable for individuals up to large organizations with dedicated DBAs.

- An easy-to-use interface

- Full control through to the underlying DBMS
- Query optimization features
- Performance tracking with alerts
- Examination of underlying resource usage by the DBMS
- Secure interface, preferably with multiple user accounts with adjustable permission levels for technician access
- Free assessment period either through a demo, a money-back guarantee, or a free trial period
- Valuable tools at a fair price

Site24x7 SQL Server Monitoring:

Site24x7 is a cloud-based monitoring platform that offers a number of packages to businesses. Site24x7 Infrastructure is a system that supervises networks, servers, and applications and it includes a database monitoring service.

Key Features:

- Database transaction monitoring
- System resource monitoring
- Encrypted connection for data uploads
- Application stack mapping

This monitoring system is able to track the performance of It SQL Server, MySQL, Oracle, Site24x7 Infrastructure also searches running processes to identify connections between applications. This enables it to draw up an application stack, which maps the interdependencies of applications, including databases. The application stack is then a key resource if interfaces or applications show performance issues. It supports root cause traces to check whether the real problem is really with another part of the system. It also identifies the resources of the supporting host that are used by the database and watches their capacity.

The database monitor records total temporary tables, space used by temporary tables, temporary tables on disk, and temporary table removal. It logs read and write activities, slow queries, aborted clients, threads, and open files. The system also tracks database connection usage, aborted connections, and the maximum number of used connections.

Site24x7 Infrastructure database monitoring includes an alerting mechanism that is based on performance and resource availability thresholds. This generates an alert whenever a problem arises. The alerts can be forwarded to technicians by SMS, email, voice call, or instant messaging post.

Workshop Evaluation Form

Title of the Workshop: Database in Industries

Date: 04-12-2021

In order to continue to improve the quality of educational programming, the Department of Computer Science & Applications, would appreciate you taking few minutes of your time to complete this evaluation. Your comments and suggestions will help us to plan future lectures to meet your educational needs.

1. The workshop organization was [4]
1. Poor 2. Good 3. Fair 4. Excellent
2. The workshop instructor was [4]
1. Poor 2. Good 3. Fair 4. Excellent
3. The workshop presentation methods were [3]
1. Poor 2. Good 3. Fair 4. Excellent
4. The workshop activities were [3]
1. Poor 2. Good 3. Fair 4. Excellent
5. The workshop topic coverage and relevance was [4]
1. Poor 2. Good 3. Fair 4. Excellent
6. How would you rate the usefulness of the content was [4]
1. Poor 2. Good 3. Fair 4. Excellent
7. How would you rate the hand-on activities [4]
1. Poor 2. Good 3. Fair 4. Excellent
8. How would you rate the presenter's knowledge in the subject [4]
1. Poor 2. Good 3. Fair 4. Excellent
9. The workshop overall content was [4]
1. Poor 2. Good 3. Fair 4. Excellent
10. What is your overall assessment of the event [4]
1. Poor 2. Good 3. Fair 4. Excellent
