

Brief History of the Department

Pingle Govt College for Women(Autonomous) has introduced the Computer Course in the year 1998 with B.Sc Mathematics, Physics and Computer Science combination. The course was started with an intake of 30 students that was the humble beginning. In the immediately successive year, i.e,(1998-1999) computer course with B.A and B.Com classes also was introduced. Since then there has been a steady and evident development of the department being funded by the Student's special fee funds, Government budget and now the student strength of the department has reached 1900 with new combinations introduced. Technology advanced courses like Data Science is also added extraordinary image to the department from 2020-2021. .In the current year the department is added with B.C.A (Bachelor of Computer Applications) and P.G. course M.Sc Computer Science which provides great scope for enhancement in their academics for future career.The department provides excellent learning in Computers through its highly qualified and dedicated faculty members supported by well-equipped laboratories. The faculty members are updating themselves to modern methods of teaching by attending various seminars, workshops and pursuing the latest changes in the subject by going through the internet.

Vision: To become a center of Excellence offering quality education and innovation in Computer

Science and Information Technology to meet out the societal needs. The course offers a combination of science subjects like mathematics, Physics, Accounts, statistics ,Arts and computer science to facilitate the student in pursuing higher studies.

Mission:

- To develop the students to excel in the field of Computer Science and Information Technology.

- To motivate and prepare the students to pursue higher studies and to develop sustainable innovative solutions for the society.
