

Field Trip to NIT Warangal.

A field trip was organised by the department of chemistry to NIT Warangal. Selected students were taken to the NIT Warangal.

Around 15 students visited central instrumentation lab in NIT Warangal along with faculty members of chemistry department.

Central Instrumentation Lab in charge explained the students about different spectrophotometers and their function:

Later students along with the faculty members also visited chemistry department in NIT Warangal. Head department of chemistry Prof. K. Lakshma Reddy permitted the students to visit various research laboratories. Senior research scholars of chemistry department explained the students about various techniques adopted, and different laboratory instruments used in the lab.
