A ONE DAY WORKSHOP ON TOOLS OF DBMS IN INDUSTRIES
18-02-2021

The Department of Computer Sciences organized a Workshop on *Tools of DBMS in industries* on 18-02-2021 in computer lab. The main objective of the workshop is to enable the students to know the Database management system. DBMS is software which is used to create and manage one or more databases. The resource person Dr. S. Suresh Babu explained that by using DBMS data is accessed, modified and locked to prevent conflicts. The faculty members and students participated in the workshop.

D. Raj Kumar Lecturer in Computer Sciences explaining the importance of DBMS in the workshop on 18-02-2021

Content Covered:

1. Databases are widely used by businesses to store reference data and track transactions.
2. The **Database Management System** (**DBMS**) is the software that formats data for storage in databases and gives access to it through data retrieval methods.
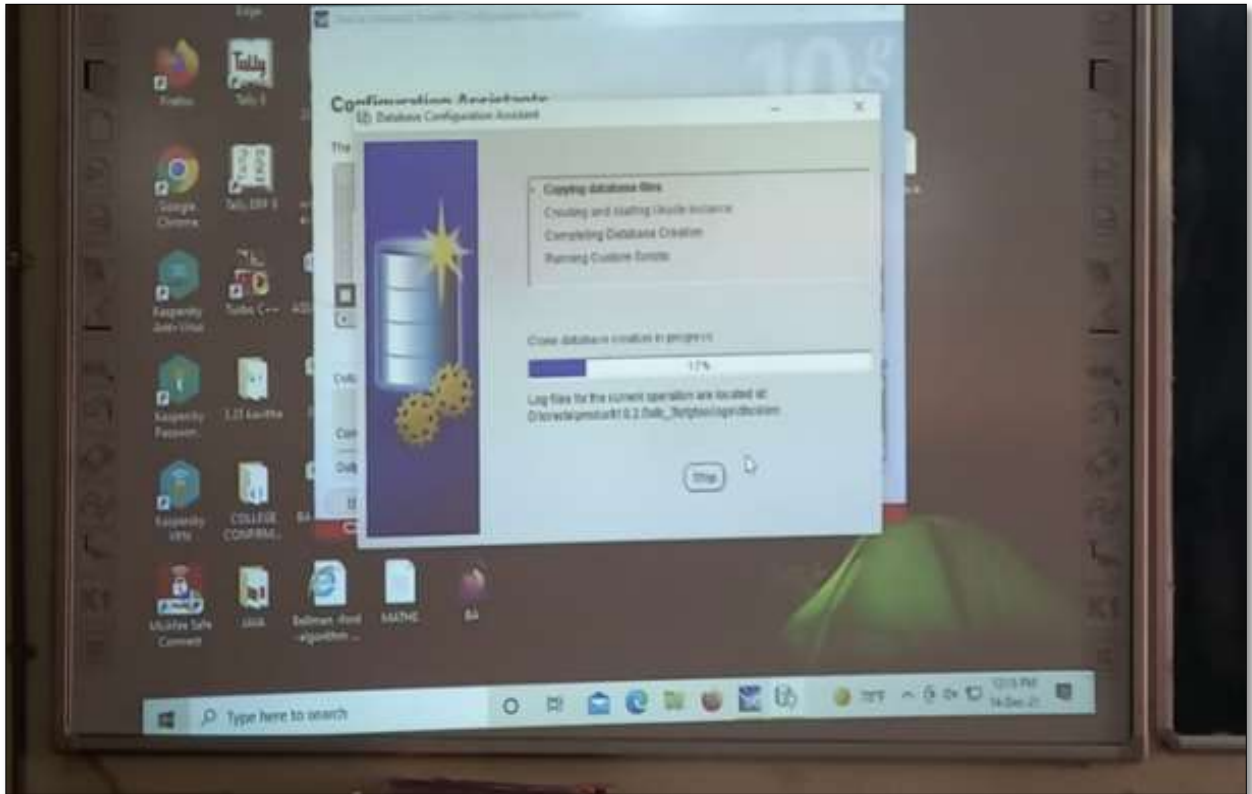

List of the best database management software:

1. **Microsoft SQL Server Management Studio** A free tool from Microsoft that makes the administration of SQL Server database easier.
2. **Team Desk** and online database creator and is aimed at small enterprises that probably don't have a DBA on staff.
3. **SQL Server Monitoring** A monitoring system for networks, servers, applications, and websites that includes database monitoring. This is a cloud-based service.

Best basic features of DBMS Tools:

1) An easy-to-use interface
2) Full control through to the underlying DBMS
3) Query optimization features
4) Performance tracking with alerts
5) Examination of underlying resource usage by the DBMS
6) Secure interface, preferably with multiple user accounts with adjustable permission levels for technician access
7) Free assessment period either through a demo, a money-back guarantee, or a free trial period
8) Valuable tools at a fair price

A ONE DAY WORKSHOP ON DATA SCIENCE

26-02-2021

Department of Computer Sciences organized a workshop on *“Data science* on 26-02-2021. The resource person is T. Ragotham Reddy and a well-known person in the field of Data Science and Machine Learning as resource person explained the features of Data Science. The venue was CSE department Lab 3. The speaker began the workshop by throwing the light on the general technological trends and the emergence of data science as one of the fastest growing technologies of this time and the need in the current growth rate of data production. The students were also briefed about the general concepts of big data, data mining and machine learning and their types. They were also given valuable insights in the career opportunities available in this field.

They were also given brief introduction about the various algorithms used for machine learning and data analytics. The speaker also gave valuable insights on interview questions both technical and aptitude. Overall the workshop was very informative and useful where the students gained a brief introduction to kick start their journey in data science.

OUTCOME OF THE WORKSHOP:

After attending the workshop the students were able to know that the Data Science is the area of study which involves extracting insights from vast amounts of data by the use of various scientific methods, algorithms, and processes. There are ample of opportunities in this field. The students were able to know their career option in Data Science. They are

The department of Computer sciences organized a Workshop on *Hacking* on 04-03-2021 in computer lab. The objective of the programme is to enable the students to know the act of hacking and find out a set of vulnerabilities in the system. The faculty members of the department acted as resource persons of the workshop. V. Ramesh Lecturer in computer sciences explained the role of ethical hackers and legal provisions involved in ethical hacking.

The in charge of the department Dr. D. Suresh babu explained that data has become an invaluable resource and protection of data and integrity of data is very important to protect the privacy. He also mentioned the threats from Ransomware attacks and the need and importance of Ethical hacking. The Principal S. Ganapathi Rao, faculty members and students participated in the workshop.
