Seminar Report

The department of Economics organized a Seminar on *“The importance of Small Scale and cottage industries in India”* on 07.09.2021. The programme convener Dr. B. Indira Naiandevi Assistant Professor of Economics explained the role of Small scale and cottage industries in employment generation in rural India.

Dr. Nalla Mallaiah Assistant Professor of History Explaining the history of Small and cottage industries in India before independence on 07-09-2021

The Keynote address was given by Dr. N. Mallaiah, Assistant Professor of History; He explained the glorious history of Small scale and cottage industries in India and how colonial Industrial policies ruined these industries. He discussed the growth and development of small scale industries in Gupta period, Sri Krishnadevaraya period and in Meghal Period.

Dr. K. Srinivas Asst. professor of History explaining the rise and fall of small scale industries in India on 07-09-2021

Dr. K. Sreenivas, Assistant Professor of History discussed the effects of neo colonial and globalization policies on Small scale industries. He discussed the negative effects of WTO, TRIPs and TRIMs policies and dumping of cheap low priced goods in domestic markets on small scale and cottage industries. He also mentioned that the negative effects of these policies created a threat to the growth and development of small scale and cottage industries.

Dr. B. Indira Nainadevi, Assistant Professor of Economics explaining the problems and policies of small scale industries on 07-09-2021

Dr. B. Indira Nainadevi, Organizing secretary of the Seminar explained the problems of small scale and cottage industries. She explained that lack of relevant skills, lack of investment, and competition from giant multinational companies, these industries are facing lot of problems and challenges from international markets. She also discussed the government policies for small scale and cottage industries.

The students participated in the programme and expressed their views on the topic. The Principal Dr. K. Mallesham, faculty members and students participated in the programme.

Resource Persons	<ol style="list-style-type: none"> 1. Dr. S. Vinodar Rao, Assistant Professor Commerce 2. Smt. Sujatha, Assistant Professor of Commerce 3. Dr. G. Shyamu, Assistant Professor of Economics

SEMINAR REPORT

The Department of Economics conducted a Seminar on “*Population Policies in India*” on 02.11.2021. Dr. Vinodar Rao and G. Sujatha Assistant Professors of Commerce acted as Resource persons.

The Inaugural session was started by the Keynote address of Dr. Vinodar Rao, He explained the ideology Adam Smith and Malthus on Population. He also explained the relation between limited resources and growing populations and its consequences on Indian Economy.

Dr. S. Vinodar Rao, Assistant Professor of Commerce explaining the *effects of Population explosion* on 02-11-2021

Smt. Sujatha Assistant Professor of Commerce explaining the theory of transition in seminar on 02-11-2021

G. Sujatha Assistant Professor of Commerce, explained the relation between inflation and Population growth. She quoted the Malthusian theory and explained the relation between arithmetic food grains supply and exponential population growth. Due to this mismatch the prices increase and leads to unstopable inflation.

Dr. G. Shyamu Assistant Professor of Economics explaining the Effectiveness of Population policies in India on 02-11-2021

The seminar Organizing secretary Dr. Shyamu explained the demographic transition theory and concept of optimum population for economic growth. Dr. B. Nainadevi, Assistant Professor of Economics explained the policies of Population and bottle necks in implementation in India. The Principal Dr. K. Mallesham, faculty members and students were present in the seminar.
