HARDWARE DEVICES AND COMPONENTS

14-09-2017

A One day Workshop on “*Hardware Devices and Components*” was organized by the department of Computer Science on 14-09-2017. The objective of the workshop was to enable the students to know the various types of Hardware devices installed in the computer. V. Ramesh Lecturer in computer science explained the components of the computer and also explained the uses of the hardware. The in charge of the department Dr. D. Suresh babu, faculty members and students participated in the workshop.

The poster features a vertical image on the left showing a magnifying glass over a circuit board. At the top center is a circular logo with a building and text. The main title is in large red and black letters. Below it, the organizing department is listed in red. At the bottom, the date and venue are provided in black text.

Student's Participation in the Workshop

Student's learning the uses of various types of Hardware of the computer in the workshop

The topics covered in the workshop are

Hardware

Hardware and software are combined in a computer. Computer hardware is a collective term for all tangible (physical) parts.

Mouse

You may move the pointer and choose any sort of text, file, or icon on your computer screen with the aid of a mouse.

Trackball

One little movable ball is placed on the surface of the Trackball, and using this ball, the user can move the ball in any direction on the computer screen.

Touchpad

The ideal alternative to a mouse device is a touchpad. The touch pad, which is typically included into laptops, is used for all input into computers.

Pointing Stick

On a keyboard, there is a pointer that resembles a pencil eraser that is located between the G, H, and B keys.

Graphics Tablet

Drawing tablet is another name for a graphics tablet. This device's primary function is to create any kind of sketch.

Touch screen

With just their fingers and the touch screen, users are able to select any text, file, or file.

Light Pen

This pen-like design allows for accurate direct input onto the computer screen while utilizing this input device.

Stylus

The objective of the stylus input device, which resembles a small type pen, is to provide input commands to the computer screen and graphics tablet.

Motion Sensor

Without the need of any additional input device, motion sensors can detect user motion input.

Interactive Smart Board

With this particular digital whiteboard, the user may operate the computer while writing anything they want on the surface with a stylus.

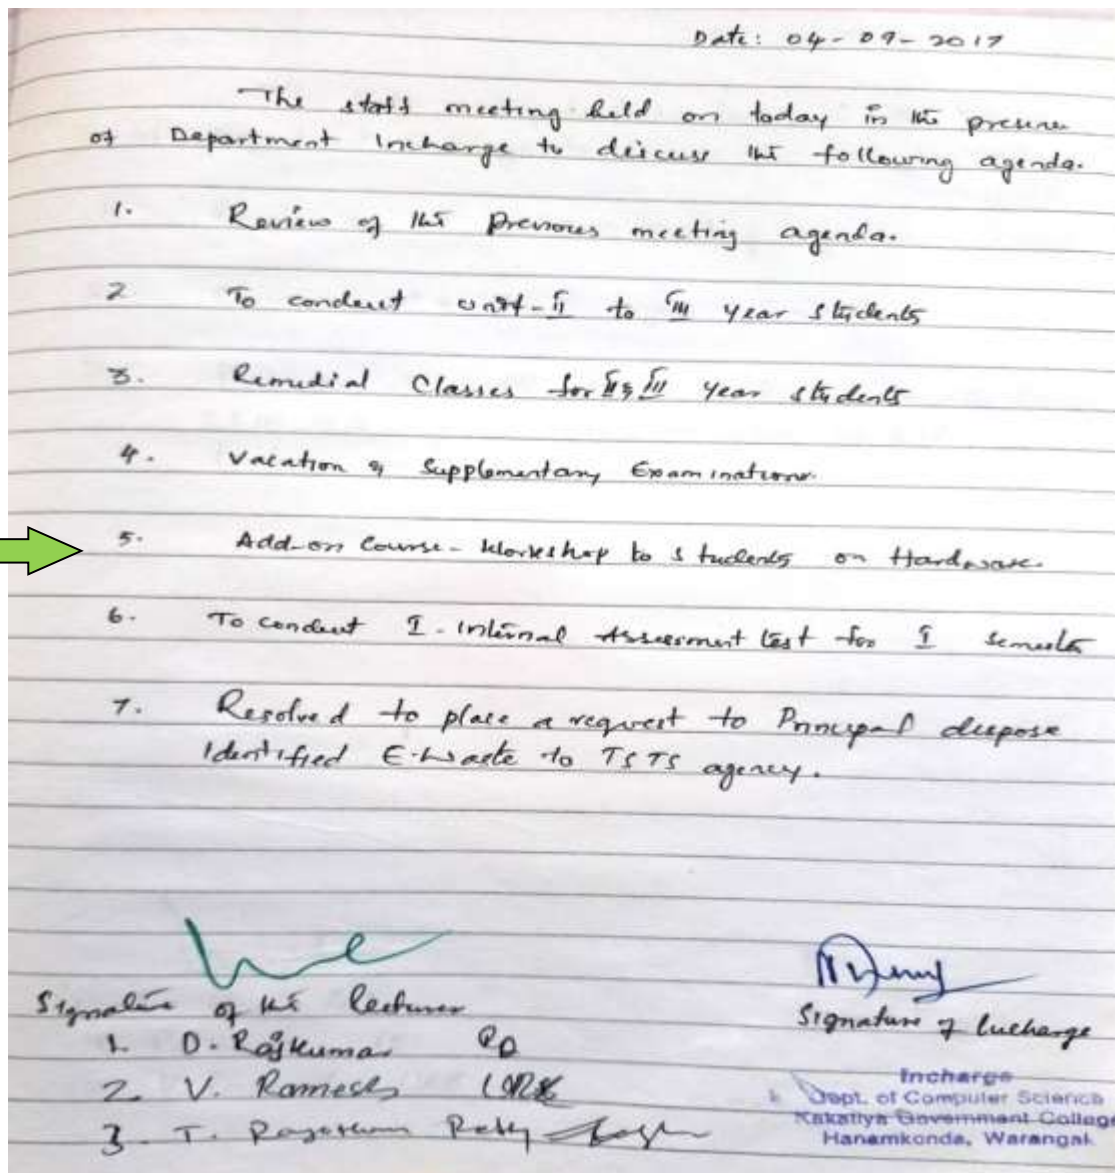

Audio Input devices

Micro Phone and Midi Key boards are the audio input devices

Audio Output devices

Speakers, headphones and Sound cards

A WORKSHOP ON JYOTHIRAO PHULE'S CONTRIBUTION TO EDUCATION

11.04.2018

The Department of History conducted a Workshop on “*Jyothi Rao Phule Contribution to Education*” with an aim to make the students to know the contribution of Jyothi Rao Phule, in uplifting the most deprived sections of the society through education and social reforms. The Key note speaker Dr. B. Kumaraswamy, Associate Professor of History, explained the reforms of Jyothirao Phule. He told that the writings of Jyothi Rao Phule inspired many people to fight against caste system, atrocities on women and untouchability.

The In charge of the department S. Ganapathi Rao, explained the ideology of Jyothi Rao Phule. He further explained that Jyothi Rao Phule and his Wife Savitri bai Phule fought against the social evils. They established several schools for girls and deprived & weaker sections. They endured a great deal of social shame because their actions were deemed to go against the society's values and traditions. The Principal Dr. V. Vijayalakshmi, faculty members and students participated in the workshop.

Dr. B. Kumaraswamy, Associate Professor explaining the contribution of Mahatma Jyothirao Phule in the field Social reforms on 11.04.2018

Dr. Kumaraswamy, Associate Professor of History and the department of History offering tributes to Mahatma, Jyothi Rao Phule on 11.04.2018
