### **GROUP DISCUSSION 2018-19**

B.Sc. (Biotechnology) III year students participated in Group discussion Conducted on 28/10/2018 and Discussed on the Topic **cholesterol- It's uses and health hazards.** 

They have concluded that Cholesterol is very useful compound when it is present in normal concentration in blood and causes various health problems if exceeds it's normal concentration (like Atherosclerosis, High Blood Pressure, Heart failure, Heart attack etc.)

### **GROUP DISCUSSION 2019-20**

B.Sc. (Biotechnology) II year students participated in Group discussion Conducted on 22/8/2019 and Discussed on the Topic - The immune system and microbial infection.

They have discussed on the Parts of the immune system and concluded that The immune system keeps a record of every microbe it has ever defeated, in types of white blood cells (B- and T-lymphocytes) known as memory cells. This means it can recognize and destroy the microbe quickly if it enters the body again, before it can multiply and make you feel sick.

Some infections, like the flu and the common cold, have to be fought many times because so many different viruses or strains of the same type of virus can cause these illnesses. Catching a cold or flu from one virus does not give you immunity against the others.

### **Group Discussion**

#### (15-09-2017)

The department of economics organized a group discussion for BA final year students on the topic of "Demonetization –An evaluation". The topic itself created a sensation in the country; the students actively participated in the discussion. Some of students opined that demonetization was helpful in reducing the black money at the same time some of other students explained that this hasty decision might have a negative impact on the economy. The faculty members Y. Narendra, Dr. M. Ravinder and Dr. A. Venkata Ramana acted as facilitators for the programme.

Dr. A. Venkata Ramana Asst.Professor of Economics acting as facilitator in group discussion conducted on 15/9/2017

### **Group Discussion**

#### (02-08-2018)

The department of economics organized a group discussion on 2-8-2018 to enable the students to learn the "Importance of Price discrimination". Through this discussion the students were able to understand the merits and demerits of price discrimination; its practical implications in imperfect competitive markets. Total 50 students of BA I year participated in the programme. The faculty membersCh. Raju, Dr. G. Shymu, K. Surya Rao and Dr. B. Nainadevi acted as facilitators for the programme.
