and
Dr. T. Sujatha, Head, Department of Microbiology, Kakatiya Govt. College, Warangal
entered into

Memorandum of Understanding

For Faculty exchange programme between the Departments of Microbiology of both the Colleges on 27-08-20 for a period of five years as a part of NAAC criteria. This is an attempt to conduct knowledge sharing dimensions where students are the beneficiaries.

The objectives and outcomes of the MOU are the follows

OBJECTIVES:

- Recognize the mutual interest of faculty exchange programme and development and dissemination of knowledge the student.
- Learning subject with new dimensions.
- Inculcating interest among students in learning activities.
- Exchange of ideas between faculty
- No financial expenditure.
- Without disturbing the regular schedule

OUTCOMES:

- This will help the students to gain more knowledge.
- Students acquired wide exposure which is useful to competitive exams.
- Stake holders will be benefited by this Faculty Exchange Programme.
- Faculty also exchanged teaching skills, teaching method, collection of new content.

The parties hereby agree to establish MOU according to the terms and conditions set out time to time. This MOU may also involve parties by mutual consent, which may be added later by written addendum to this MOU.

The Germ Theory of Disease

- English nurse who was a proponent of cleanliness and antiseptic techniques to the field of nursing.
- She came to prominence for her pioneering work in nursing during the Crimean War (*say cry-me-in*), where she tended to wounded soldiers.
- She was meticulous about collecting and analyzing data on her practices, to provide proof of their efficacy.
- Founded the Nightingale School for Nurses, the first nursing school in the world.
