Let's celebrate Telangana state festival Bathukamma in our college on eighth date (08/10/2021).

Let's start making bathukamma at 11.30 in the morning

It is our request that meals, including your preparation, be completed by 1:30

Let's enjoy Bathukamma till 2-3pm and take a dip in Telangana Botanical Garden pond.

Teaching and non-teaching team of all departments along with their students are cordially invited to participate in this program and win prizes in Bathukamma competitions.

Make balls available.

We also request you to bring all the flowers you need from home such as tangedu gunugu jilichu etc.

Request everyone to come in traditional Telangana attire.

Performing ceremony should be shown in the college premises.

Girls should come to Mustabai like Batakamma.

Brothers and brothers are requested to help in plucking Tangedu flowers, branches and gifts.

*The festival is ours....

*Let's make some noise...

తెలంగాణ రాష్ట్ర పండుగ అయిన బతుకమ్మను మన కళాశాలలో ఎనిమిదో తారీఖున(08/10/2021) ఆనందంగా జరుపుకుందాం.

● 11.30కి బతుకమ్మ ల తయారీ మొదలుపెడదాం

సరిగ్గా 1:30కి భోజనాలు, మీ తయారీతో సహా పూర్తి అయిపోవాలని మా విజ్ఞప్తి.

Bathukamma celebrations started today with the plucking of flowers. We collected various flowers from Telangana Botanical Garden and also bought 50 kg of flowers from the market. We gathered to play Bathukamma in the college premises. We decorated Gauramma traditionally. This program was organized by Cultural wing, Women Empowerment and Telugu Department. Principal Dr. Ch. Appiya Chinnamma performed Gauri puja and inaugurated the celebration. We planted a betel nut tree and offered turmeric, saffron, coconuts and worshiped Bathukamma, the symbol of Telangana women and Mother Nature. We offered prasadam like jaggery, sugar Pongal etc. Taking bathukamma, we reached the college ground in a procession and all of us played the bathukamma. We gave prizes to the students who had piled up bathukamma well. After that, we took the Bathukamma and traditionally immersed them in the beautiful pond built in the Telangana Botanical Garden of our college. College Principal Dr. Appiya Chinnamma,

India of my dreams in 2047

We got independence in the year 1947 on August 15 from the Britishers. We have completed 75th independence day even though we are lacking back in many issues. I would like to share my vision for India in 2047. As everyone has dreams to make the country big and democratically successful and equality in all areas. I would like to see where there is no discrimination of caste, colour, gender, social or economic status. There is a lot of discrimination against women in India. But, still women are making a mark on different fields which make us to feel proud. Even till today in many places women are suppressed a lot in many ways. My dream is to make women more Powerful and self-dependent. Education is the main problem in India as the government is working to promote education but there are many people who do not realise its importance my dream is to make education is mandatory for all. Unemployment is the main issue in the India as it is consist 34% of youth. There are many people in India who are educated very well, due to corruption and many other reasons they are unable to get a job. My dream is India should be a place where the deserving candidate will get the job. Health is also any important issue in India my dream is to improve the health system in India by providing good facilities for the people and making awareness about the health and fitness. Corruption is the major reason that are hindering the growth of our country my dream is to make India as a corruption free country by working dedicatedly for the development of the country. India of my dreams in 2047 is to make India as an ideal country, where there is no discrimination of any type.

India will be a developed economy on the basis of Love & Harmony

Introduction:
 Our Country India became free from the slavery of 200 years of British on 15th August 1947. Independence is about to complete 75 years. On this Occasion, the entire Country is celebrating the 75th Anniversary of Independence

My dreams for India in 2047:

After 200 years, India will be celebrating its 100th Anniversary of independence in 2047, I would share my dreams for India in 2047.

The India of my vision where women are safe and walk freely on road, also it will be a place where there is freedom of equality to all & everyone, it will

...there is no discrimination of Caste, Colors, genders, social or economic status and race. I see it as a place that sees an abundance of development & growth.

Women Empowerment:
 My dream for India in 2047 is to become women more powerful & self-dependent because, there is a lot of discrimination the women are staying out of their house & making a mark in different fields & in Society.

My vision of India as a Country that sees women as its assets, not as liabilities. Also I was to place women on equal level as men.

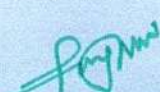

Education:
 Govt works to promote education but there are many people who do not realize its true importance. India is my vision in 2047 will be a place where education will be mandatory for all.

Health & fitness:
 My dream for India in 2047 is to improve health System by providing good facilities to people. people are also aware of health & fitness.

Corruption is one of the major reasons that is hindering the growth of the nation, so my dreams for India in 2047 where the ministers & officials are dedicated to their work & wholly for the development of the country.

Employment opportunities:
 There are many educated people in India but due to corruption and many other reasons they are unable to get a decent job my vision for India in 2047 will be place where the deserving candidates get the job first rather than reserve candidates.

Conclusion:
 The India of my dreams in 2047 will be an ideal country where every citizen will be equal. Also, there is no discrimination of any type. In addition, it will be a place where women are seen as equal to men & respected equality.

Vision 2047
 India of our dreams

What is your vision for India in 2047?

India of my dreams in 2047

Everyone in this world has a dream. The dream of an India that is perfect and beautiful. I want India to be technologically advanced, technologically better and agriculturally advanced. I would like the country to be highly industrialised. And all farmers should have a separate organisation to solve their problems. The Government has to develop the government schools, colleges and hospitals like the corporate.

I want that in the next 25 years India should change into a successful nation both internally and externally.

The year 2047 will be the milestone year to look at India through the prism of development, growth, gender parity, employment and other factors. I want to see India free from poverty, unemployment, malnutrition, crime and other social ills. The vision of India economy as the most established and developed economy in the world.

everyone gets the necessary education and access to the good jobs. I want to see an India that is fully developed where every youth has employment where there is no gap of work and hunger. India has to change into a successful nation both within and externally. India is often where people get holistic and spiritual calm and clarity.

India has to stay self-sufficient in food and the women of India at least as empowered who has same rights with men with whom there is no discrimination in the job.

My vision for India should that everyone get health facilities no matter be rich or poor. My country should be always well and peaceful.

I would also strengthen an nation's defence. The nation would be strong so that no enemy could be our danger. Military would be my next priorities because there are bases for any society. People should be educated at a mass-scale.

especially, we should reduce poverty & education, women and children and to provide freedom of equality for all. There should be no discrimination of caste, colour, gender, social or economic status and race. We should achieve sustainable development with reasonable growth and healthy India.

Finally, my words are India has to become Developing to Developed
It's the Journey of status
'I' to 'me' and 'my' to 'our'
As the key of mission 2047.

If these measures happen India would then be counted among the most.

Awareness and Exhibition on Food Safety

07-06-2022

Dr. Burgula Ramakrishna Rao Government Degree College, Department of Botany, Eco Club, and Department of Women Empowerment jointly organised a programme on "Awareness and Exhibition on Food Safety" on June 7. College Principal Appiya Chinnamma, who presided over the event, said our ancestors were healthy and strong by consuming fermented foods. In today's modern age, people are getting sick due to the use of chemical fertilizers and an unbalanced diet, and students are urged to take nutritious food to stay healthy. Women Empowerment Department convener N. Subhashini said in the business world the cultivation of commercial crops has outpaced food grains. Food shortages for the growing population will screen the problem of adulteration. Food security is essential for leading a healthy life.

Bhargavi Latha, Lecture in English was the keynote speaker at the event and said the students were made aware of the techniques and simple methods of creating delicious nutrition at low cost and with less effort as good food provide health. Sprouts, fiber, fresh fruits, greens, honey, and lukewarm water are said to be the right doctors for our health. The program was coordinated by a Botany teacher, Latha. The event was attended by faculty members Ramadevi, Kavitha, Madhavi Latha, Vittal, Bala Raju, Sreenu, and students.
