

**GOVERNMENT DEGREE COLLEGE, KOLLAPUR, NAGARKURNOOL  
(Dist)  
VISION AND MISSION 2021-22**

Giving people access to higher education is central to the institution's vision and goal. to provide this underdeveloped area with a proper education. to educate people about higher education and give students opportunity to develop their employ-ability. To empower women via higher education, to provide women-oriented courses, to give application-oriented knowledge, and to promote the entire development of female students. With the above objective in mind, the college's leadership is working to promote access to higher education for urban and rural young people, paving the path for them to improve their technical competence. Academic success is achieved by providing the facilities and people resources required for their physical and intellectual development. To give students with a teaching-learning environment that fosters creativity, critical judgement, effective communication, and in-depth knowledge. In keeping with the college's objective, the college's leadership takes the lead in effecting attitudinal change in the minds of female students by introducing the "Gender sensitization" course in the academic programme. to offer courses that emphasise skills for women students' employability. to encourage extracurricular activities for the pupils' overall personality development. to foster responsible citizenship via acceptance of and knowledge of education with a moral foundation. By decentralising the system and incorporating a participatory decision-making process, the Governance and Leadership of the Institution makes sure that its Higher Education activities are running smoothly.

The 'Annual Institution Action Plan' is communicated to the college by the Commissioner of College Education Telangana at the start of each academic year. The curriculum plan is created using the action plan and feedback from final year students and parents in mind.
