

2020 - 2021

Best practice, plantation programme.

The Department of History conducted the plantation programme in the part of Best practice. Planting plants in my students and we participated in the programme. had increase of the beauty of over college and also beautify of class rooms.

The main objective is to make the students familiar with different plants they need to choose of making awareness in society about the importance of plants in our lives.

These kinds of plantation programme help the students to learn about their responsibility towards the nature.
