

INNOVATIVE PRACTICE

The Department of Chemistry has taken up the innovative practice of "Preparation of Hand Sanitizer" in order to meet the prevailing Covid situation.

Hand Sanitizer is prepared according to World Health Organisation guidelines and it is distributed in the college.

All the students of BSc Bze, msc I, II & IIIrd students have been involved in this activity.

This activity is performed under the guidance of lecturers of dept. of chemistry R. Kishorevari and E. Sharada.

Signature of the Principal.
