2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Our institution offers a highly efficient Ward counseling system by distributing the total number of students (171) studying in the college to all the faculty members working in the institution. Students are encouraged to seek help with personal problems or career development through this system. It works as follows Total number of students studying in the college divided to all the faculty members working in the institution. Each section is attached to one faculty member for guidance and development. Every faculty member is instructed to develop a rapport with the students and encourage them to freely interact. The mentors are always available to counsel and suggest possibilities to the students. The importance of mentoring is to sustain human relationship, build a bond between the mentor and mentee and create a positive notion that each student is important and each of them has the potential to make a mark in the society. A mentor is expected to focus on the mentee's holistic development by guiding her in areas like academics, comprehensive viva, comprehensive projects, career choices, final placements. Mentors are also required to focus on developing the Employability Skills of their mentees and maintain a record of their academic progression and orient them towards continuous and lifelong learning. The mentees are given sufficient exposure and practice on 1. Developing Communication Skills 2. Soft Skills like Attitude and Confidence building 3. Entrepreneur skills like Initiative and Enterprise, Planning and Organizing, Adaptability and Flexibility. Mentoring is conducted in a streamlined and regular manner though it began in an informal way to monitor class work, attendance, assignments, career prospects and career objectives. The Mentor mentors the students not only to improve their academic performance but also concentrates on the all-round development of the mentee. Students' profile like academic, personal, family back ground is maintained in the Record specially designed for each and every student. One Record is designed for one student which is maintained intact through the entire period of the study. The academic record of the student is maintained along with their entry level performance. This information helps in preparing the academic career graph of the mentee. The Record also includes the timely signatures of men-tees, parent-teacher meetings held every semester to discuss the academic progress of the men-tee, the suggestions from parents, efforts taken by parents to be more supportive to the men-tee and corrective feedback from the mentor. Thus, the Ward Counseling system contributes greatly to the professional and personal development of each student

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Leadership of the institution strongly believes in building a reliable qualitative higher educational institute for the students of the agency area especially those from tribal communities. It obeys principle of decentralization and participatory democracy in its function. The college implements many practices to gain in the leadership nurturing. The institution constitutes various Committees with Faculty Members and Students and these committees supervised by the Principal. Major work of these committees is done by the Conveners of the Committees by coordinating all the members. Likely, all the teaching and non-teaching staff as being members of the different committees made representation. It also ensures representation from students as these committees constitute nominated student members. The Staff Council which is the most important committee in formation of policies and their implementation at the college level consists of all the senior members of the teaching staff. The Staff Council meetings are held periodically under the Chairmanship of the Principal. Usually a senior member of the faculty is nominated as the Academic Coordinator to deal with academic activities and examination related work takes major activity in development of educational Programs, faculty development and implementation of Almanac of the affiliating university. Another senior member of faculty acts as the Coordinator of the Internal Quality Assurance Cell (IQAC) to take care of the quality enhancing and sustenance initiatives in the college. The Principal assembles meetings with the in-charges of the departments to take important decisions to improve student learning process, teaching skills and to go par with latest developments in the field. A senior member of faculty acts as Convener of the Infrastructure Committee who looks over infrastructure, the Convener of Sports Committee deals with sports and games, the Convener of Cultural Committee deals with cultural activities. Similarly, UGC committee, Women Empowerment Cell, etc., act with autonomy in their operation of activities and develop leadership. The in-charges of various departments play a crucial role in formation and implementation of the College Action Plan. Some senior members of the faculty are on the College Planning and Development Committee (CPDC) which is in the forefront in the development of the college. Delegation of Powers to Vice-Principal: The most senior member among the teaching staff is nominated as Vice-Principal who looks after the college affairs in the absence of the Principal and has delegation powers given by the CCE. The Vice-Principal also represents the college at various forums on behalf of the Principal in the

latter's absence or unavailability and also takes some situational decision with due permission of the Principal. The college works in the spirit of common and collective leadership and has put in place appropriate mechanism of decentralization and participative management to develop institutional leadership by nurturing the staff members as leaders.

Strategy Type	Details
Curriculum Development	The institution, being an affiliated college, is not empowered with the curriculum development. However, the institution plays a role in the curriculum development. The affiliating university, i.e. Kakatiya University conducts Annual Departmental Conferences to discuss the curriculum and its implementation and frames the curriculum.
Teaching and Learning	At the institution level, teaching and learning procedures are organized as per the schedules of the Almanac circulated by affiliating university. Every teacher prepares Annual Academic/Curricular Plans and the Departmental Action Plans in the beginning of each academic year. Assignments, Internal Assessments examinations are conducted as per the Almanac and marks are posted in the Departmental Marks Register and update the same details on examination branch online portal of affiliating university. Teaching Notes, Dairies are updated every day and are signed by the in-charge of the department concerned once a fortnight which in turn are duly countersigned by the Principal at the end of the month.
Examination and Evaluation	Examination Branch of the college deals with all types of examinations and evaluation including internal and external. The college strictly obeys to the evaluation schedules prescribed by the affiliating university, i.e. Kakatiya University and its Almanac. The Evaluation includes conduction of Internal Assessments for compulsory and optional subject papers and semesterend examinations. The evaluation of the answer scripts and allocation of credits is carried out by the university i.e. Kakatiya University.

The college is positive in rectifying the grievances of the students, if any issues, related to examinations. Internal Assessment Tests are conducted by the departments in prescribed formats given by CBCS and Kakatiya University which consists of 20 marks (15 marks for written tests and 5 marks for Assignment) and it is conducted twice per each subject, in every semester. The remaining 80 marks per each subject allotted for semester-end written examinations that conducted by Kakatiya University.

Research and Development

UGC and Research Committees of the college encourage the faculty members to participate in research and research related issues. These committees encourage the faculty to take up research Programs/research projects and register for Ph.D. As the result, some members of teaching staff have registered in the Ph.D. Programme. The college level JIGNASA committee constituted as per the directions of the CCE to promote research attitude among the students of the college. This committee takes the initiative for the preparation of student study projects and participates from Institution level to state level competition that conducted CCE. The laboratories of the college are being equipped with adequate research facilities which are conducive to research. The faculty members who intend to submit their research papers at National Level Seminars are encouraged with On Duty facility.
