FIELD TRIP (2018-19)

Name of the department : Chemistry.

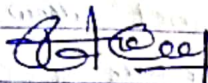

Date : 14.03.2019

Field Trip Topic : Pesticides and Fertilizers

Place of field trip : Achampet

Department of Chemistry as a part of field trip B.S.C I, II, III yr students visited a pesticide and fertilizer shop located near by Achampet forest office. They visited pesticide shop and they know how those pesticides and what types of precautions are taken while using the pesticide chemicals. The shop owner detailed explained symbols printed on pesticide bottle. The pesticide function depends on nature of soil and types of food plants.
