

Infrastructure :

Govt. Degree college (Sciences) Nagarkurnool has been established in 2008 in the building of junior college for boys, Nagarkurnool in shift system. The vision and mission of the college is to offer quality education to the rural area students. In the year 2014 on the 31st May, the institute has been moved to the present new campus which is 3k.m away from the town on the road of Achampet opposite to Velama function hall. For the easy bus access we have a request stop in front of our college.

The present college building contains 13 rooms (11 in ground floor and 2 in first floor). These rooms include 6 lecture halls, 4 laboratories in 2 rooms, 1 Library cum examination branch, 1 room for IQAC and BRAOU, 1 office room and a Principal chamber. There is one ICT enabled class room along with a computer lab. The college has good internet facilities with 20MBPS supplied to officeroom, principal chamber, IQAC room, library and computer lab. The institution has spacious and naturally ventilated classrooms surrounded by greenfields, Ladies restroom and sportsroom are provided separately. For the proper power supply college has own transformer. Classrooms have only whiteboards which prevents the spoilage of health of staff and students by chalk dust of blackboards. As the institution has 5 acres land area, there is spacious ground available to play outdoor games like volleyball, football, cricket, etc. with a securing compound wall under construction. Botanical garden with good no. of medicinal plants and ornamental plants is well maintained. In the portico, a notice board is arranged in order to cater the need of passing the information about examinations, inter office notices, research abstracts. Bio-metric attendance is a mandatory act to the staff as well as the students. Students security is timely monitored by CCTV cameras. In addition we have one bore well with overhead water tanks serving the need of the college. Water facility is available to two separate washrooms for boys and girls. We have small canteen serving the students and staff. We also have vehicle shed for the vehicles of students and staff with good parking area.
