

HISTORY

The department of Economics is one of the Social science departments of New Government Degree College for Women, Golconda established in 2015, it had the rare privilege of becoming the first Arts department of the college. The college is now affiliated to the Osmania University, Hyderabad. Right from 2015 the department offered a 3 year undergraduate program in Economics with History and Political science as subsidiary subjects. The course was modeled on the annual evaluation system and the instruction was tailored to address the learning objectives defined in the syllabus. With the introduction of choice based credit system the department moved to more flexible and innovative space in terms of the form and content of the program from 2016 onwards. The new program is structured on semester basis which runs through 3 years from the entry level.

VISION AND MISSION:

1. To build up a group of students committed to the common pursuit of moral, intellectual and academic excellence.
2. To facilitate the personal growth of the students. To make them better citizens for the growth of our economy.
3. To train girls in creative thinking, accuracy of expression and leadership skills.
4. To make the students aware of their role in the family and society and to inspire them to work for the upliftment of women and children in our neighborhood.
5. To make them aware of their personalities and to increase their self confidence.
6. The department envisions achieving high standards of academic performance to provide quality education to students.
7. students to realize their full potential and thus shape them into future leaders to address the emerging global challenges and to deal with economic, social and business realities.

BEST PRACTICES

Students educating people in their surroundings & awareness has been spread by them as many highly unaware of their rights. Our students educate them and improve their skills and increase Women Empowerment.

(SRAEF) Scientific Research Association for Economics and Finance.

SRAEF has been registered as a public charitable trust under the Indian Trust Act. They conduct every year a test: (KEY) know your economics. That will be useful for the students who go through the competition exams in economics and updating their knowledge for further future studies.
