CIRCULAR**

Sub: Collegiate Education-Government/Private Aided/Private Unaided Degree Colleges - Partnership proposal for strategic long term collaboration between Telangana State & KIMO-Instructions Issued-Reg.

Ref: Proposal from Chief Executive Officer, KIMO, Dated:31.10.2022

KIMO is a reputed tech based Dutch organization building the next generation platform which is helping Undergraduate colleges to build job relevant expertise in new age domains. KIMO curates best in class content in domains such as Artificial Intelligence, Blockchain, Metaverse, Internet of Things and Machine Learning which optimizes the learning experience for students.

KIMO proposes high impact collaboration with Commissionerate of Collegiate and Technical Education, Telangana State to build employability outcomes in new age technology domains for young graduates. As part of this collaboration, KIMO is offering wide range opportunities to access the KIMO learning platform to all the Undergraduate Colleges across Telangana State by offering the following features.

- a) Unrestricted access (at no financial cost) for 2 Months to the KIMO learning platform for all faculty and students of B.Sc Computer Science and BCA programs in Telangana State.
- b) Unique instance/account for each individual college to on-board all their students and faculty onto the platform.
- c) Analytics and Data at an individual college level to administrators of individual institutions to gain insight on the extent of usage and interaction amongst their students on the KIMO platform.
- d) Opportunity to select (from a limited selection) content from the KIMO platform to be made mandatory for all students as part of their curriculum.
- e) Opportunity to develop exclusive Faculty Engagement/Development Programs in new age technology domains (eg. Artificial Intelligence, Blockchain, Machine Learning, etc.)

In view of the above the Principals of Government/Private Aided/Private Unaided Degree Colleges in Telangana State are hereby directed to make use of the opportunity and operationalize this proposal at college level to make the

KIMO learning experience impactful to all the faculty and students. For further information please mail to hello@kimo.ai
