Sub:	Commissionerate of Collegiate Education-Strengthening of Govt. Degree Colleges-Monitoring Academic & Administrative Activities-Constitution of Principals Advisory Committee-Proceedings-Issued-Reg.
Ref:	File No.145692 CCE-AC/GEN/91/2019-ACADEMIC CELL

The Department created to promote Collegiate Education, has made remarkable achievements since the formation of the State of Telangana. Introducing CBCS (Choice Based Credit System), Reorganizing Courses to meet the spirit of CBCS, Establishing Model Degree Colleges, DOST Online Admissions, Initiating Student Centric Teaching Methodologies/Activities, Equipping Digital/Virtual Classrooms, Capacity Building to make teachers resourceful has increased the credibility of the Government Degree Colleges which resulted in 42% increase in admissions over previous years.

As such Regular Principals are few in number and most of the colleges are being handled by Senior Faculty with Full Additional Charge, lack of awareness of policies and procedures is hindering the administration of the colleges.

In this regard, for uniform execution of the activities, an advisory committee with Principals as members under the chairmanship of Joint Director is constituted. This committee shall also coordinate with O/o CCE on the following issues

1. Updation of Principals' Manual
2. Suggestion for Administrative and Academic reforms
3. Feasibility of new Colleges
4. Suggestions for Infrastructure development in colleges especially with innovative methods
5. Help raise CSR Funding

6. Coordination with DRCs on effective implementation of Academic and Administrative Activities initiated for quality enhancement in the Government Degree Colleges.
7. The Committee will periodically review the initiatives taken by the department and report the outcome to CCE.

Hence, the committee is constituted with the following Principals as members-

<b>S.No</b>	<b>Name</b>	<b>Designation</b>	<b>Position</b>
