Telangana State Council of Higher Education

**Organized by
Internal Quality Assurance Cell (IQAC)**

PROFILE OF THE INSTITUTION

Babu Jagjivan Ram Government Degree College, Narayanaguda, Hyderabad, was established in 1974 with the noble purpose of propagating the ideals of Sri Babu Jagjivan Ram, former Deputy Prime Minister of India and a tireless crusader for the rights of the disadvantaged. The college has been affiliated to Osmania University from its inception till date.

The visionary leadership coupled with a highly motivated and dedicated team of teaching and non-teaching staff has slowly but steadily made the college a force to be reckoned with in the field of higher education in the government sector. The student strength for the current year, that is, 2021-22, is ample proof of this claim. There are 2511 students on roll this year, with 878 women and 1633 men students who have joined the college from all across the state of Telangana, through the Degree Online Services of Telangana (DOST). The sheer demand among students from across the state proves that the institution has gained a 'Brand Image.' This development in public perception has come about as a result of the concerted and unceasing efforts of the institution in its quest for excellence. Over the past few years, the pursuit of excellence has been the priority and thrust of all the activities in the institution.

VISION

To empower youth by providing quality education in order to make them competent, self-reliant and responsible society builders, professionals and citizens.

Babu Jagjivan Ram Government Degree College has always catered to the needs of students who come from socially and economically disadvantaged backgrounds. As these students are generally first-generation learners, the college endeavours to provide them with quality education. Such an education should provide them with the skills and core competencies that can make them at par with the rest of the competition that exists outside the portals of the college.

MISSION

The mission of the college is encapsulated in its motto – “Gyanam Sarva Hithaya” - “Knowledge for universal welfare.” This means the emancipation of backwardness, poverty and mental constraints of the youth of the downtrodden sections of society through higher education, life skills and personality development. The mission of Babu Jagjivan Ram Government Degree College is

- To promote academic excellence
- To inculcate human values and social responsibilities
- To address the rural and urban divide and
- To mould the students into good citizens of the nation.

ABOUT THE IQAC:

Internal Quality Assurance Cell of Babu Jagjivan Ram Government Degree College, Narayanaguda, is committed to improving the quality of all aspects pertaining to curriculum, teaching-learning, research, extension, infrastructure & learning resources, student support & progression, governance and promoting institutional values. The institution is concerned about the adequacy, competence and the continuous professional development of the faculty, as well as, the performance of the non-teaching staff who assist in the administrative activities of the college and provide the other student support related services. The IQAC has contributed significantly for institutionalizing various quality assurance strategies and processes over the past five years.

ABOUT THE SEMINAR

Education plays an instrumental role in manifesting the inner human potential culminating in national development. Ensuring quality education is a prerequisite for India's ascent as a global player. With advancement and rapid changes in science and technology and in knowledge landscape, there is an increasing need to inculcate critical and creative thinking among the students. There is also a dire need to make pedagogy more experiential, holistic, integrated and learner centred. Education must inculcate values, ethics and compassion among the students.

The identified gap between the current state of learning outcomes and what is required, can be redressed through bringing out major reforms in education. In alignment with sustainable development goals, the New Education Policy aims at providing inclusive, equitable and quality education.

The global ecosystem calls for quality in higher education and the development of an enlightened, socially conscious and skilled youth. Higher education plays an important role in national development.

In the current scenario, the higher education system is plagued by a plethora of problems like fragmented higher education system, limited teacher and institutional autonomy. Similarly there is less emphasis on research and more emphasis on specialization instead of integration of knowledge.

The New Education policy focuses on rejuvenating higher education institutions by providing panacea to aforesaid maladies. In this context Babu Jagjivan Ram Government Degree College is organizing a two-day National Seminar on New Education Policy with the following objectives.

- To increase access, equity and inclusion in Higher Education Institutions.
- To revamp the curriculum, pedagogy, assessment and student support for enhanced student experiences.
- To promote multidisciplinary undergraduate education.
- To promote research activities in undergraduate colleges.
- To analyze the challenges and roadblocks in implementing the New Education Policy.

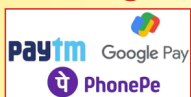

SUB THEMES

1. Equity and Inclusion in Higher Education
