

Vision

The institution's vision is in tune with the National Assessment and Accreditation Council's vision of providing qualitative and value based education to the stake holders. The Institution makes a conscious effort to impart core values in the students such as patriotism, National Integrity, environmental responsibility, sincerity, honesty and righteousness. These quality initiatives are implemented through various curricular and co curricular activities at the institution level, under the efficient guidance and supervision of Commissionerate of Collegiate Education, Telangana state. The primary purpose of the Institution is to provide value based education to the students, and thereby making them responsible citizens of the country.

In the present scenario of globalization and technological advancement, India stands as an emerging power with the biggest number of youth among the world countries. It is a known fact that Indian youth stand as the major work force in the field of Information Technology across the world. However, this technology enabled Indian youth constitute only a minor part and a major part of the Indian youth still need to be trained with the required skills of English language proficiency and the computer knowledge. In this context, Higher Educational Institutions of the country play a responsible role in enabling the youth with the required employability skills.

India with the highest growth rate of GDP is going to be the biggest economy of the world in near future. Hence, in order to grab the employment opportunities in the market, the youth of the country must be equipped with the required skills of English proficiency and the computer knowledge. Hence the institution makes a conscious effort to train the students in these aspects and to keep them on par with those in other Higher Educational Institutions elsewhere.

It is a universally acknowledged fact that education and skills without proper value system leads to disastrous society; hence utmost importance is given in the institution for value based education. India is a country of cultural, religious and social pluralities. The country's status of "Unity in Diversity" reiterates the importance of tolerance, peace and compassion; in this context the institution takes utmost care in creating a positive

atmosphere for the development of these qualities in the students. National integrity and patriotism is another thrust area, where the institution celebrates National festivals and the birth and death anniversaries of National leaders to promote the National integrity and patriotism among the students.

Mission

The mission statements of the NAAC stand as the guidelines to formulate the mission of the Institution; Quality promotion and sustenance initiatives are taken up by the Institution through various activities.

The Vision and Mission of the Institution are as follows:

- Contributing to National Development
- Fostering Global Competencies among Students
- Inculcating a Value System among Students
- Promoting the Use of Technology
- Quest for Excellence

The Institution conducts all the National Festivals and the birth and death anniversaries of National leaders to promote National Integrity and Patriotism among students. National Unity Day, National Constitution Day, National Youth Day, National Voters Day, National Literacy Day, International Yoga Day, NSS Day, NCC Day, Women Equality Day, Aids Day, Environment Day are conducted to inculcate the right values and attitudes among the students. Blood Donation Camps, Health Check up Camps and Women Empowerment programs are conducted to create the awareness among the students.

Another thrust area of the Institutional teaching is to develop global competencies and promoting the usage of technology among the students. Usage of Information and Communication Technology is incorporated into the curriculum through TSKC Lab activities, Computer Science

Laboratory, Commerce Laboratory, Digital Library, MANA TV Live Lessons, Smart Boards and Projectors, PPTs, OHP Sheets and Wi-Fi enabled campus. Office, Exam Branch, Library, and all the Departments of the Institution, are Wi-Fi enabled. The students are encouraged to use the computer laboratories for enhancement of their learning abilities.

Commissionerate of Collegiate Education monitors the administrative aspects of all the Degree Colleges across the state through a centralized digital accession portal named as CAIMS (Centralized Administrative Information System). The administrative, academic, financial and other aspects are monitored by the CCE through this portal. All the communication of the Institution with the CCE is done through a portal namely E-Office, which helps in paperless communication. With the revised framework designed by NAAC for Accreditation process, all the institutional details are uploaded into the College Website, which provides greater transparency and easy accession for the stakeholders. Thus under the able guidance of NAAC and efficient monitoring of CCE, the HEIs in Telangana are upgrading towards digitization.
