

## Telangana State Herbarium

The Department of Botany , Dr.B.R.R Government Degree College, Jadcherla planned to establish a state level Herbarium Centre in the College . It enables the Life Science students of the college to have Taxonomic study of the different plants covered in the syllabus. Due to the presence of this centre, students can study morphological characters of the locally unavailable plants. Students can also learn the preparation techniques of Herbarium sheets . It is also helpful to the Taxonomists to do their research work. So far 2250 herbarium sheets belonging to 142 families and 1260 species have been prepared and preserved in 8 Almirahs..

**Telangana State Herbarium Centre, Dr.BRR Government Degree College, Jadcherla**

**Almirah Preserved with Herbarium Sheets**

**Almirah Preserved with Herbarium Sheets**

**A,Pramesh Research Scholar of O.U observing Herbarium sheets**

**Students are observing herbarium Sheets as part of their syllabus**

**Minutes of the Meetings**
